Interesting Feature

Entry Points

- Four distinct entry points throughout the year: February, May, August, and October. Each session is 45 days in length with a break in between.
- Grades 9 and 10 academic and applied core courses
- Small supportive environment with Guidance Counsellor and Child and Youth Counsellor, Social Worker available
- Access to a breakfast and lunch program
- Supports The Ministry of Education's learning to 18 mandate

Are you looking for a non-traditional school? Welcome to North East Year Round Alternative Centre where teachers and students respect one another and really care. We opened our doors in August 2006 and welcome students ages 16 to 18 who are not in school today. We are the only school located in northeast Toronto that is open year round. We help you earn compulsory credits for Grades 9, 10, 11, and 12. We mostly offer courses at the applied level. We are a small alternative high school that believes in social justice and opportunity for all. We are conveniently located near the Sheppard/Don Mills subway station.

2 Credits in 9 Weeks

We have a unique program that enables you to complete two credits over nine weeks. Enrolling a course for one credit in the morning; have lunch and take another credit course in the afternoon. Our dedicated teachers know you and are available to help you throughout the day with homework or review so you can complete each day's work before you leave.

Flexible Structure With Four Sessions

Everyone learns at a different pace. Our Flexible program helps you earn the credits you need to be successful. We offer you an innovative model of four learning sessions throughout the year. Instead of two semesters, each session consists of 45 days. We also offer credit recovery to students who have attempted credits unsuccessfully.

Child and Youth Counsellor

We help you succeed every step of the way. We are home to a full-time child and youth counsellor to help with any social and emotional needs you may have and to assist you throughout the day.

Healthy Eating and Healthy Living

Healthy eating and healthy learning go hand-in-hand. We offer you a free mid-morning snack of juice, muffins and fruit. As well a healthy lunch is provided.

Convenient Location and TTC Support

We are conveniently located along the Toronto Transit Commission (TTC) bus route and therefore the school is easily accessible.

Additional Features

- Transportation Assistance
- Social Worker Available
- Convenient Location
- Flexible Structure
- Co-operative Education

Student Life - Where You Belong

We are an excellent transitional school that helps you get back on track and return to a traditional or alternative high school. Parents tell us how valuable our program is to their children. Holiday Breaks As a school open throughout the full year, we provide five school breaks. The holidays rejuvenate our students and help them feel enthused for the next session. Generally, our timetable offers the following breaks: 1. October: Two-week holiday 2. December: Two-week holiday following all TDSB high schools' timetable 3. February: Two-week holiday following session exams in January 4. April: Two-week holiday. We do not provide a March break 5. Mid July to mid August: Summer break Students "choose to attend Seyrac because of the flexibility it allows them in the chaotic lives they lead, as well the caring nature of the teachers". Our students value the fact that our teachers and support staff view them as individuals. We are all willing to make exceptions when the situation merits. Our philosophy is, "one size does not fit all!"

What Sets Us Apart

For more information please call 416-395-5300. Flexible Registration. We welcome students four times a year - in August, October, February and May.

Parent and Community Engagement

We welcome parent involvement. Many studies have shown that there is a direct correlation between student success and parent involvement.

TDSB - Better Schools. Brighter Futures

Imagine a TDSB where all schools share a common core set of characteristics. They are community-driven and focused on teaching and learning. Students and parents have a wide variety of opportunities and there are enough students in every school to increase program choices.

Imagine there is a clear focus on achieving student success and every student is engaged, has a voice, access to a caring adult and the opportunity to develop their full potential.

Here at the TDSB our focus is on student achievement, parent and community engagement and financial stability.
