Days of Significance 2016-2017

This calendar highlights selected secular and creed-based days of significance and is provided as a resource for schools and others when planning educational or other activities. This list includes creed-based observances and holidays, as well as, significant events and celebrations, public holidays, and other important dates that should be considered when planning events, tests or exams, and other activities. This calendar should not be used as a list of dates for creed-based accommodations; accommodation requests must be made formally and determined on an individual case by case basis subject to the operational procedures of the Board regarding creed beliefs, practices and observances. This calendar is not meant to be comprehensive or exhaustive, but rather a selected representation of significant dates. Every attempt has been made to ensure its accuracy.
