

Science & Technology – (Primary, Junior) Part 1/2

Science & Technology: Primary/Junior– Part 1/2 is aligned with the Ministry Ontario Science & Technology curriculum. This course will examine how educators can develop skills and share strategies that promote scientific inquiry and technological problem-solving. Teachers will have opportunities to experience hands-on inquiry, communicate, reflect and create plans for classroom implementation.

Fall/Winter Sessions begin Wednesday, October 18, 2017.

R.J. Lang Elementary & Middle School

227 Drewry Avenue
