2. Please think about all of the Models

Please tell us:

a. What do you like best about the models? Is there a model that you prefer?

That something is being done to help with the situation. I really appreciate the fact that TDSB is looking into the 700 Humblerwood Blvd. issue. I like all the models except 5

b. What do you dislike the most about the models?

Option 5 is not an option!

c. Questions/ Comments/ Suggestions?

I would like to know what TDSB is doing to check the enrolment at Humblerwood. It should be because I believe that more than 50 percent of the current pupils are not from the boundary. Some kids even come from Weston and Finch.

11. Do you have any other suggestions for the Pupil Accommodation Committee to consider?

Humberwood Downs should really check their current students as over 50 percent do not live in the school boundary; not even in the community. I conducted a research myself and I ~~had~~ spoke with more than 70 families, only 10 of them live in the school boundary. Some even come from Weston and Finch, Malton, Brampton and Mississauga South.

THANK YOU!
