Information about the success of our programs comes from a wide variety of student assessments. These assessments are based on clear expectations for all learners, consistent with those described in *The Ontario Curriculum*.

The primary purpose of student assessment is to improve learning. Assessment has the greatest potential to improve learning when it is an integral part of classroom activities. Teachers assess student progress towards achieving the expectations on an ongoing basis by using strategies such as projects, class presentations, homework assignments, classroom observations, portfolios of student work, and tests.

Schools use assessment information and information from other sources to make informed decisions for school improvement planning. Schools identify areas of strength as well as areas that require improvement. Input is obtained from a variety of sources such as student assessments, teacher feedback, parent feedback, and community surveys. In this way, schools monitor, celebrate and improve their efforts in providing a supportive and challenging learning environment for all their students.

WHAT OUR SCHOOL IS PLANNING FOR THIS YEAR

Armour Heights will continue to provide a program that encourages high academic achievement for all students, in all areas of the curriculum. We will continue to provide the students with knowledge and skills to enable them to compete in a global economy and to act responsibly as citizens of the future. We will enrich our programs through the use of current technologies, traditional and progressive approaches, ongoing staff development and parent/community support.

We are proud to have a strong partnership with the Canadian Forces Staff College. They are involved in working with our students in many curriculum areas, especially in the area of world peace.

Armour Heights has been the recipient of the Provincial Capher Fitness award. This is a result of our strong commitment to health and fitness. We will continue to emphasize fitness of the body and the mind. Armour Heights is EcoSchool certified.

We will continue to communicate frequently to our parents about all aspects of school life.

We have developed the following plans for this year based on the feedback we have received from a number of recent student assessments and input from our parent advisory council. Our school continues to be pleased with our students' provincial assessment results for reading, writing and mathematics.

Armour Heights continues to focus instructional initiatives in Literacy, Numeracy and Safe Schools. We are committed to daily block instructional times for language and mathematics focusing on engaging instructional strategies and a variety of assessment techniques.

Armour Heights will continue to implement the following:

- ♦ enriched language programming designed to meet the needs of all students in reading, writing, visual arts and communication
- ♦ a challenging mathematics curriculum which emphasizes problem solving and higher order thinking skills
- ♦ science and technology programmes that reinforce the different science strands
- ♦ social studies programmes to promote appreciation of global cultures and heritages as well as a strong emphasis on Canadian citizenship for all students
- ♦ development of students' emotional and social attitudes through the arts, health and physical education and co-operative activities
- ♦ positive school and classroom environments conducive to learning and encompassing all areas of equality, diversity and anti-racist education
- ♦ anti-bullying programming delivered in all classrooms
- ♦ student mentoring methods such as reading buddies
- ♦ Learning Resource Centre available to all students on a regular basis for research, writing and reading support
- ♦ a focus on the development organizational skills and good work habits
- ♦ emphasis on striving for excellence
- ♦ development of the whole child
