

Your School's Energy Consumption Data: How to find it on the TDSBWeb

1. Go to the EcoSchools home page (ecoschools.ca)
2. On the front page find and click on the image of the light bulb, identical to the one seen on the left.

Please select your search criteria.

By Site

By Family

By Region

By District

By Outdoor Ed. Schools

 Need help with this report, click [here](#)

3. You will be redirected to the website of Facility Services. Select by site to find your school by its name. Then click on the starting letter of your school's name (e.g., 'W' for William Lyon Mackenzie C.I.).
4. Find your school's name in the list that appears and click on the name to get to the next page.

Report	Period	Baseline
<input checked="" type="radio"/>	2009 - 2010	<input type="radio"/>
<input type="radio"/>	2008 - 2009	<input checked="" type="radio"/>
<input type="radio"/>	2007 - 2008	<input type="radio"/>
<input type="radio"/>	2006 - 2007	<input type="radio"/>
<input type="radio"/>	2005 - 2006	<input type="radio"/>
<input type="radio"/>	2004 - 2005	<input type="radio"/>
<input type="radio"/>	2003 - 2004	<input type="radio"/>
<input type="radio"/>	2002 - 2003	<input type="radio"/>

Report Type : Monthly Cumulative

5. On the screen to the left, click on the Report button for the current school year. This will take you to your school's Consumption Report. Press "Next" to continue.

6. You will be redirected to a page that contains a table similar to what you see in the screen shot below. The school chosen to generate the example below is Dundas Junior Public School.

The Consumption Report table displays the monthly energy consumption starting with the 2005 fiscal year and continuing with up-to-date data. The total energy consumption for every year can be seen at the bottom of the table.

The information found in this table is very useful as it can help schools understand their energy use and whether or not there is an increasing or decreasing trend of energy consumption.

Dundas Junior Public School is a wonderful example because it shows the steady decrease in energy consumption.

<div style="display: flex; justify-content: space-around; border-bottom: 1px solid black;"> Electricity Gas Water </div> Consumption Report - Electricity (kWh) Dundas Junior Public School 2005-2006 Actuals to 2009-2010 Actuals - Monthly							
Period	School Fiscal Year					Target 2009-2010	Variance
