Pilot Dog Run

Whereas, in many communities, our school grounds are used as community parks; and

Whereas, dogs are not allowed on school property; and

Whereas, this is largely ignored, and dog feces is found every morning in school yards, resulting in the inability for students to use the fields;

Therefore, be it resolved:

- (a) That the Director present a report on the feasibility of a pilot dog run project at schools including:
 - (i) criterion for the establishment of such dog runs (school and community input);
 - (ii) the potential costs of fenced in enclosures to accommodate the dog runs;
 - (iii) the development of appropriate signage;
 - (iv) an evaluation criterion to determine the effectiveness of the pilot project.
