

Proposed 2021-22 Budget Timelines: Updated

To: Special Finance, Budget and Enrolment Committee

Date: 1 June, 2021

Report No.: 06-21-4103

Strategic Directions

- Allocate Human and Financial Resources Strategically to Support Student Needs

Recommendation

It is recommended that the updated Proposed 2021-22 Budget Timelines be approved.

Context

Staff presented a revised budget schedule at the Finance, Budget and Enrolment Committee on 12 May 2021, following the release of the Grants for Student Needs (GSN) and sector guidance on 4 May 2021. At the meeting, trustees sought a postponement of the 10 June 2021 budget information session, pending decisions around the 2021-22 learning delivery model and impact on school-based staffing.

On 19 May 2021, the Toronto District School Board (TDSB) informed families that the release of the selection form has been delayed to mid-August 2021. With the 13 May 2021 Ministry announcement regarding vaccination of students aged 12 to 17, it is anticipated that there will be more families opting for in-person learning as the vaccination rates increase among TDSB staff, students and families over the summer. Families were also informed that virtual schools will not be offered in the 2021-22 school year and instructions would be delivered through the students' home schools.

Given these changes, staff are requesting that the budget schedule as outlined in Appendix A be approved, and for the 10 June 2021 budget information session, to proceed as originally scheduled.

Action Plan and Associated Timeline

Staff will continue to update Trustees with changes to the budget timelines resulting from new information.
