

## **Yonge-Eglinton Phase 2 Program Area Review for Eglinton Junior Public School, John Fisher Junior Public School, and the Bannockburn Building (12 Bannockburn Avenue)**

**To:** Planning and Priorities Committee

**Date:** 23 June, 2021

**Report No.:** 06-21-4127

### **Strategic Directions**

- Provide Equity of Access to Learning Opportunities for All Students
- Allocate Human and Financial Resources Strategically to Support Student Needs

### **Recommendation**

It is recommended that:

- a) John Fisher Junior Public School become a dual-track school, beginning with Junior Kindergarten in the English program (and expanding by one grade per year up to and including Grade 5), effective September 1, 2022;
- b) The portion of Eglinton Junior Public School's existing junior attendance area north of Broadway Avenue (including the north side of Broadway Avenue) be assigned to John Fisher Junior Public School, beginning with Junior Kindergarten (and expanding by one grade per year up to and including Grade 5), effective September 1, 2022;
- c) New students included in Part b) above with an older sibling attending Eglinton Junior Public School (in the same year that the younger sibling enters the school) be allowed to attend Eglinton Junior Public School until they graduate;
- d) The Bannockburn building be re-opened as Bannockburn Public School effective September 1, 2023, initially as a Junior Kindergarten to Grade 3 French

Immersion centre, and expanding by one grade per year up to and including Grade 6 in September 2026;

- e) Senior Kindergarten to Grade 3 French Immersion students at John Fisher Junior Public School residing within the Bedford Park Public School/Blythwood Junior Public School shared attendance area, Bedford Park Public School attendance area, and John Wanless Junior Public School attendance area be redirected to Bannockburn, effective September 1, 2023;
- f) Senior Kindergarten to Grade 3 students with an older sibling in Grades 4 to 6 attending John Fisher Junior Public School in September 2023 be allowed to remain at John Fisher Junior Public School until they graduate;
- g) The John Fisher Junior Public School Special Central Placement Process, approved by the Board of Trustees in March 2017 to relocate students wishing to withdraw from the French Immersion program at John Fisher Junior Public School in light of construction at 18-30 Erskine Avenue, be ended effective September 1, 2022; and
- h) The reversal of residential development redirections in Eglinton Junior Public School's and John Fisher Junior Public School's proposed attendance areas be considered in 2024-25, pending a review of accommodation pressures and space availability at the two schools.

## **Context**

### **Rationale for the Review**

The Yonge-Eglinton Phase 2 Program Area Review is a study in the Long-Term Program and Accommodation Strategy for 2020-2029, approved by the Board of Trustees in November 2020. It is a continuation of an extensive Program Area Review that was first undertaken in 2015-16. The first phase of the Program Area Review resulted in a series of grade changes, boundary changes, program adjustments, and capital projects including a replacement school at Davisville Jr PS, an addition at Hodgson MS, as well as internal renovations at Forest Hill Jr and Sr PS.

Accommodation pressures have persisted at local schools, particularly at Eglinton Jr PS. The school has continued to operate with exemptions to primary class sizes, no music room, and classes being delivered in resource-sized rooms. Because the site is very small at 1.6 acres and cannot accommodate portables, 14 new residential developments in the school's attendance area have been assigned to two holding schools, Whitney Jr PS and Rippleton PS. There are 22 proposed developments that still need to be accommodated within the next five years. A Special Central Placement Process was established in 2017 to prevent students leaving French Immersion at John

Fisher Jr PS from attending Eglinton Jr PS and adding to the enrolment pressure (these students are placed at other nearby schools).

The focus of this phase of the Yonge-Eglinton review is to continue looking at options to address overcrowding at Eglinton Jr PS and to balance growing student enrolment among local elementary schools in the area. In addition to Eglinton Jr PS, the review included John Fisher Jr PS and the Bannockburn building located at 12 Bannockburn Avenue. These schools are located in Ward 8 (Trustee Laskin) and Ward 11 (Trustee Chernos Lin).

### **Preliminary Work of the Local Feasibility Team**

A Local Feasibility Team (LFT) composed of staff representatives of the impacted schools and the appropriate central departments, met on three occasions in February and March 2021 and developed a recommended scenario to address the pressures in the Yonge-Eglinton area that involved using John Fisher Jr PS to accommodate students from Eglinton Jr PS and the Bannockburn building to accommodate students from John Fisher Jr PS.

John Fisher Jr PS is a French Immersion centre located within the Eglinton Jr PS attendance area and is in an ideal location to receive Eglinton Jr PS students because it is within walking distance. As a French Immersion centre, John Fisher Jr PS does not have an English Program attendance area. An English Program attendance area is needed to determine which Eglinton students will be accommodated at John Fisher Jr PS. An attendance area will be created by splitting the Eglinton attendance area in two, using Broadway Avenue as the dividing boundary.

Space needs to be freed up at John Fisher Jr PS to receive the Eglinton students. To do this, French Immersion students will be accommodated in the Bannockburn building. The Bannockburn building is a core holding site that is currently leased out but will become available for TDSB use in the summer of 2022. The building will be re-opened as a French Immersion centre to accommodate John Fisher students. It is in a great location to receive the John Fisher students who live in the northern portion of the John Fisher French Immersion catchment area. A French Immersion catchment area will be created for the Bannockburn centre by merging the northern portion of the John Fisher French Immersion catchment area with the eastern portion of the Glen Park French Immersion catchment area.

### **Work of the Program Area Review Team**

A Program Area Review Team (PART) was established in March 2021 involving the staff of the LFT and parent representatives of the impacted schools. The objective of the PART was to continue the work of the LFT in evaluating scenarios to address the pressures in the Yonge-Eglinton area through public consultation. The PART carefully

analyzed actual and projected enrolment data, capacity and utilization data, and the recommended scenario by the LFT. The PART sought advice and feedback on the LFT's recommended scenario from parents of the impacted schools and the broader community over the course of four working meetings and a public meeting. Two feedback surveys were also opened to school and community members to provide feedback. Two Frequently Asked Questions (FAQ) documents were prepared to address questions received throughout the PART process; they are posted on the Program Area Review page of the TDSB's website (<https://www.tdsb.on.ca/About-Us/Strategy-Planning/Search-All-Reviews?id=166>).

The feedback showed mixed views. Most of the responses received in the consultation process indicated support for the recommended scenario, but there was also significant support for preserving John Fisher Jr PS as a French Immersion centre.

The PART was in support of the major concepts of the LFT's recommended scenario. The PART made some refinements to the scenario such as modifying the proposed French Immersion catchment areas. After thorough discussion and analysis, the PART members achieved consensus on all recommendations.

### **Commentary on the Recommended Changes**

If approved, the boundary change between Eglinton Jr PS and John Fisher Jr PS, in conjunction with continued development redirections, will decrease and stabilize enrolment at Eglinton Jr PS. Enrolment is projected to decrease to 75% in this scenario by 2028, and remain stable at this level into the foreseeable future. In this scenario, John Fisher Jr PS will become a dual track, English and French Immersion school, with enrolment projected to stabilize at around 80% by 2027. At that time, the balance of French Immersion students to English students is projected to be approximately 60% to 40%.

It is important to note, however, that this recommendation assumes the continued redirection of residential developments away from the proposed Eglinton and John Fisher attendance areas for the time being. Additional reviews will be undertaken to continue redirecting residential developments to another site as they near completion.

The re-opening of the Bannockburn building as a French Immersion centre will allow John Fisher Jr PS to provide much-needed accommodation relief to Eglinton Jr PS by creating space for an English program.

The lease of Bannockburn to a private school is set to end in July 2022. Based on discussions with Facility Services staff, one year is required to retrofit the Bannockburn building and site to ensure compliance with TDSB standards. As such, the building cannot re-open until September 2023. The Bannockburn building will re-open in September 2023 with a JK to Grade 3 French Immersion cohort, expanding by one

grade per year until the program reaches Grade 6 in September 2026. The PART agreed that a larger grade range at Bannockburn will provide the critical mass required to best deliver programming and potentially childcare at the site. At the same time, existing John Fisher students in Grades 4 through 6 would be allowed to remain at John Fisher Jr PS through to graduation.

Once the French Immersion program is fully phased-in, Bannockburn is expected to be fully utilized at 95% in 2030. The combined number of Early French Immersion spaces at John Fisher Jr PS and Bannockburn PS in this scenario is approximately 70 more JK to Grade 6 students than what John Fisher Jr PS currently offers on its own. These additional spots at Bannockburn PS could potentially be used to absorb French Immersion students residing in the Ledbury Park EMS and John Ross Robertson Jr PS attendance areas (or growth from the existing catchment area), pending an annual review of French Immersion applications.

To minimize transitions for students as these recommendations are implemented, the grandparenting of younger siblings was an important consideration for the PART and has been factored into staff's recommendations.

Aligned with the implementation of the Eglinton and John Fisher boundary change, the John Fisher Jr PS Special Central Placement Process could be ended in September 2022. Sufficient space would be then made available at Eglinton Jr PS and John Fisher Jr PS to accommodate students wishing to withdraw from the John Fisher Jr PS French Immersion program.

New residential developments in the current Eglinton Jr PS attendance area will still need to be assigned to other schools. As the boundary change and re-opening of Bannockburn PS are implemented and phased-in, space will be created at John Fisher Jr PS and Eglinton Jr PS over time. This will allow staff to engage in a review in 2024-25 to determine a course of action with respect to reversing the redirections at an appropriate time.

Staff concurs with the recommendations of the PART and is putting forth those that require Board approval.

Other recommendations of the PART that do not require Board approval that staff support are:

1. That TDSB begin retrofitting the Bannockburn building in July 2022 to ensure that it is compliant with TDSB standards prior to re-opening.
2. That consideration may be given to Grade 3 French Immersion students at John Fisher Jr PS in September 2023 to remain at John Fisher Jr PS provided there is available space.

3. That the intermediate and secondary pathway for Bannockburn PS's French Immersion program be the same as the current John Fisher Jr PS French Immersion pathway (subject to change as per TDSB's operational procedure PR597).

There is general agreement among parents that, with careful planning and the commitment of school staff, administration, parents, the Superintendents, and Trustees, these recommendations will improve the current accommodation pressures in the Yonge-Eglinton area. With more residential development still being planned for the midtown area, these recommendations serve merely as a short to medium-term solution; a new elementary school is still required to accommodate the long-term student growth in this area.

The French as a Second Language Advisory Committee (FSLAC) representatives who participated on the PART provided feedback on behalf of the FSLAC. The FSLAC does not support the conversion of John Fisher Jr PS into a dual track English and French Immersion school. It is a successful and longstanding French Immersion centre. They provided several recommendations including that the PART be reconvened in 2022 after the pandemic to ensure full awareness of parents in the affected areas and to find an alternate solution to the introduction of an English track at John Fisher Jr PS.

In response to the FSLAC's concerns, staff and the members of the PART consider the introduction of dual track at John Fisher Jr PS and the re-opening of Bannockburn PS as a French Immersion centre as the best solution for the Yonge-Eglinton area at this time: it provides a local neighbourhood school to accommodate growth; it maintains a French Immersion centre; it provides more space for both English and French students; and it provides a better distribution of sites. Delaying the PART will only prolong accommodation issues at Eglinton Jr PS. The PART members were in agreement that the implementation date for the English track at John Fisher Jr PS should remain September 2022.

Appendix A contains tables that show the schools' enrolments, facility capacities, and utilization rates for the recommended scenario.

Appendix B shows the proposed boundary change to establish an English Program attendance area for John Fisher Jr PS.

Appendix C shows the proposed French Immersion catchment area for the French Immersion centre at Bannockburn PS.

The full report of the PART can be found in Appendix D. The report of the FSLAC is included in the PART report.

## **Action Plan and Associated Timeline**

Subject to Board approval, the proposed boundary change between Eglinton Jr PS and John Fisher Jr PS will be implemented effective September 1, 2022.

The John Fisher Jr PS Special Central Placement Process will be ended effective September 1, 2022.

The re-opening of the Bannockburn building and relocation of affected students from John Fisher Jr PS will be implemented effective September 1, 2023.

Pending space availability at Eglinton Jr PS and John Fisher Jr PS, staff will engage in a new review to consider the reversal of development redirections in the 2024-25 school year. This review will be reflected in the Long-Term Program and Accommodation Strategy.

A summary of the actions by school and year can be found in Appendix E.

## **Resource Implications**

The Bannockburn building will require renewal work to ensure compliance with TDSB standards. It will be funded from existing resources such as School Condition Improvement (SCI) and is estimated to cost \$5 million.

## **Communications Considerations**

Details about the outcome of the review will be posted on the TDSB's Accommodation Reviews website. Information and notice of the Board decision will also be provided through the school websites, the school profile pages on the TDSB website, school messenger, and will be emailed to all attendees at the public meeting who provided an email address.

Details regarding the re-opening of the Bannockburn building as a French Immersion centre will also be included in any offer of placement emails being sent to on-time French Immersion applicants during the placement process for the academic year of 2022-23.

Notation will be added to the street guide notifying anyone using 'Find Your School' search function of the Board-approved changes and directing them to the latest information about the outcome of this review.

\* Eglinton Jr PS and John Fisher Jr PS projections assume the continued redirection of all new residential developments to other sites. Students from all proposed residential developments are not included in these projections.

\*\* These 22 developments are located in the attendance area of Eglinton Jr PS and will be redirected to another school with space available. The school has not been identified yet.

\*\*\* The total for 2025 and 2030 do not equal Status Quo total due to a slightly larger combined French Immersion program at Bannockburn PS and John Fisher Jr PS than what currently exists at John Fisher Jr PS alone.

**Final Report of the Program Area Review Team for the  
Yonge-Eglinton Phase 2 Program Area Review**

**RECOMMENDATIONS**

**The Yonge-Eglinton Phase 2 Program Area Review Team recommends:**

- 1. That John Fisher Jr PS becomes a dual-track school, beginning with JK in the English program (and growing a grade a year), effective September 2022;**
- 2. That the portion of Eglinton Jr PS's existing junior attendance area north of Broadway Avenue (including the north side of Broadway Avenue) be assigned to John Fisher Jr PS, beginning in JK (and growing a grade a year), effective September 2022;**
- 3. That new students from Recommendation #2 with an older sibling attending Eglinton Jr PS (in the same year that the younger sibling enters the school) be allowed to attend Eglinton Jr PS until they graduate;**
- 4. That TDSB begin retrofitting the Bannockburn building in July 2022 to ensure that it is compliant with TDSB standards prior to re-opening;**
- 5. That the Bannockburn site be re-opened in September 2023, initially as a JK to Grade 3 French Immersion centre, and growing a grade a year up to (and including) grade 6 in September 2026;**
- 6. That SK to Grade 3 French Immersion students at John Fisher Jr PS residing within the Bedford Park PS/Blythwood Jr PS shared attendance area, Bedford Park PS attendance area, and John Wanless Jr PS attendance area be redirected to Bannockburn PS, effective September 2023;**
- 7. That SK to Grade 3 students with an older sibling in Grades 4 to 6 attending John Fisher Jr PS in September 2023 be allowed to remain at John Fisher Jr PS until they graduate. Consideration may be given to grade 3 students in September 2023 to remain at John Fisher Jr PS provided there is available space;**
- 8. That the intermediate pathway for Bannockburn PS's French Immersion program be the same as the current John Fisher Jr PS French Immersion pathway (subject to change as per TDSB's operational procedure PR597);**
- 9. That the John Fisher Jr PS Special Central Placement Process, approved by Board of Trustees in March 2017 to relocate students wishing to withdraw from the French Immersion program at John Fisher Jr PS in light of construction at 18-30 Erskine Avenue, be ended effective September 2022, and**

**10. That the reversal of residential development redirections in Eglinton Jr PS's and John Fisher Jr PS's proposed attendance areas be considered in 2024/25, pending a review of accommodation pressures and space availability at the two schools.**

## BACKGROUND

**At the first meeting of the Yonge-Eglinton Phase 2 Program Area Review Team on April 1, 2021**, the Program Area Review Team (PART) membership was informed that a Local Feasibility Team (LFT), comprising TDSB Principals, Superintendents, Trustees, and central staff, was established to examine potential solutions to existing and projected accommodation pressures in the Yonge-Eglinton area, particularly at Eglinton Jr PS. The following study had been identified in the Long-Term Program and Accommodation Strategy (LTPAS):

1. **New Program Study:** Phase 2 of the Yonge-Eglinton review will begin with a staff study in 2020-21. This review will focus on options to balance enrolment within local elementary schools in Wards 8 and 11 and will include consideration of the Bannockburn building to resolve ongoing accommodation pressures. A review had previously been struck but was paused in April 2019 to allow system-wide initiatives like the French and Secondary Program Reviews to be undertaken.

The Secondary Program Review is a wide-ranging and evolving process that does not allow for an immediate opportunity for local secondary schools to be reviewed at this time. Longer-term accommodation pressures within a broader area that includes local secondary schools will be addressed in the third phase of this review.

The objective of the LFT was to review data, assess and discuss the implications of proposed solutions, and finally, to come up with a recommendation to present to the PART.

The transition of the LFT to a PART was approved by the TDSB's Central Accommodation Team (CAT) on March 18, 2021.

The PART membership was informed that the objective of the PART was to continue the work of the LFT in evaluating the feasibility of the preferred scenario by seeking advice and feedback from impacted parent representatives through the course of 4 working meetings.

An explanation of why the review was required was provided to the group. In

addition, the PART was informed of its role as an advisory committee. Staff provided background information to PART members regarding the TDSB's Long-Term Program and Accommodation Strategy (LTPAS). A description of the program and accommodation challenges in the Yonge-Eglinton area, followed by an overview of enrolment and facility information for Eglinton Jr PS, John Fisher Jr PS, and Bannockburn PS was also provided. The LFT's recommended scenario was then presented to the group for discussion.

Staff were asked at the first PART working meeting to explore whether the proposed boundary change between Eglinton Jr PS and John Fisher Jr PS could be moved to September 2023 (instead of the original recommendation of September 2022). A question was asked about whether the boundary change should be delayed in order to provide John Fisher Jr PS with flexibility to accommodate a potential increase in the number of JK and SK French Immersion entry students in the first year of the system-wide JK French Immersion implementation in September 2022. Staff agreed to report on the implications of delaying the boundary change to September 2023 at the second PART meeting.

Another question was raised about the John Fisher Jr PS Central Placement Process, and whether given that the building at 18-30 Erskine Avenue is now complete, the process could be ended. Staff committed to bringing back more information about that process at the next meeting.

Following the first PART working meeting, an online survey was also opened on April 6, 2021 to PART members and the broader community to gauge feedback on the LFT's recommended scenario. A link to the survey was sent out to both the Eglinton Jr PS and John Fisher Jr PS school communities and was made available on the information webpage for the review. The survey closed on April 21, 2020.

**At the second PART meeting on April 22, 2021**, staff presented feedback from survey, a model showing the implications of delaying the Eglinton Jr PS and John Fisher Jr PS boundary change until September 2023, as well as information about the John Fisher Jr PS Special Central Placement Process.

The first feedback survey received a total of 40 responses. Respondents were asked to rate the Local Feasibility Team's recommendation out of 4 (with 1 being 'strongly disagree' and 4 being 'strongly agree'). The average rating was 2.3. Respondents were also asked to share their questions and comments regarding the LFT's recommendation.

The main themes/questions that came out of the survey were about:

- Clarification around the middle school pathways;
- The need for a new school at Yonge-Eglinton;
- The dual-track recommendation being proposed for John Fisher Jr PS;
- The suggestion to retain Blythwood Jr PS' attendance area within John Fisher Jr PS' proposed French Immersion catchment;
- The John Fisher Jr PS Special Central Placement Process;
- The availability of classroom space at John Fisher Jr PS;
- The Middle Immersion program beginning at Bedford Park PS in September 2021, and
- Planning, enrolment, and questions about the involvement of other schools.

Staff shared the individual comments received from respondents and addressed each of the main themes/questions. Two areas of feedback resulted in modifications to the original LFT recommendations:

- Staff determined that the majority of existing students at John Fisher Jr PS residing in the Blythwood Jr PS attendance area were within the 1.6km walking distance threshold to John Fisher Jr PS, and with some space potentially available at John Fisher Jr PS to accommodate students from that attendance area for now, a change was made to the recommendation to retain the Blythwood Jr PS attendance area in the proposed John Fisher Jr PS French Immersion catchment area.
- Staff also provided the PART with information on the Board-approved John Fisher Jr PS Special Central Placement Process and agreed that the process could now be ended in light of the building at 18-30 Erskine Avenue being complete and there being fewer applications to withdraw. The PART agreed, however, that the process should not be ended until September 2022, when the proposed boundary change between Eglinton Jr PS and John Fisher Jr PS would be implemented to ensure that there is sufficient space at Eglinton Jr PS to accommodate additional students.

At this meeting, Staff also addressed the question about possibly delaying the implementation of the Eglinton Jr PS and John Fisher Jr PS boundary change to September 2023. Staff informed the PART that, in the LFT recommendation, the projected entry cohort of JK and SK French Immersion students would be similar to current SK French Immersion cohort at John Fisher Jr PS, 72 JK and 72 SK students. Over the last four years at John Fisher Jr PS, the SK entry cohort has been between 50 and 67 (inclusive of any French Immersion students that were redirected to that school from other sites), so staff were confident that the

projection would be sufficient to accommodate the JK and SK demand for French Immersion at the school in September 2022. Staff also advised the PART that up to seven classrooms for FDK students were identified in consultation with the Principal at John Fisher Jr PS, so the school would be able to accommodate a JK English cohort in September 2022 without the need to reduce the size of the JK or SK French Immersion cohort. Delaying the proposed boundary change between Eglinton Jr PS and John Fisher Jr PS to September 2023, however, would only continue to prolong the accommodation issues at Eglinton Jr PS for an additional year. Considering this information, the PART agreed to keep to the September 2022 implementation date for the boundary change.

**The third working meeting of the PART was held on April 26, 2021.** The purpose of that meeting was for staff to present to the PART the modified recommendations that would be presented to the broader community at the public meeting on May 4, 2021. Logistics of the virtual public meeting were also shared with PART members, as well as a draft agenda.

The PART also discussed the need for a communication strategy if the recommendations are approved by the Board of Trustees in June 2021, particularly with respect to the relocation of John Fisher Jr PS French Immersion students to the Bannockburn site in September 2023. PART members voiced the need for the families of French Immersion applicants to be made aware of these changes when they make the decision to apply for the program. Existing SK students at John Fisher Jr PS could also be impacted by this relocation, so the PART expressed the need for those students to be communicated with as well. Staff acknowledged the need for a strong communication plan and would ensure that all affected communities be informed of these changes should it be approved. Like any review, a letter from the Superintendents would be sent to both school communities following the Board meeting where the decisions are approved. The information would also be made available on the school webpages and included in any offer of placement emails being sent to on-time applicants during the placement process for the academic year of 2022-2023.

**The virtual public meeting for this review was held on May 4, 2021.** A Zoom webinar platform was used. Registrants were also given the option to participate via telephone. Approximately 170 people registered for the public meeting, with 102 people attending (exclusive of the 22 PART members and central supporting staff).

Staff provided background information regarding the review and presented the current recommendations of the PART to solicit feedback from the broader

community. Feedback from the first survey was also shared at this meeting. Attendees were invited to submit written questions/comment via a 'Q and A' window in the Zoom webinar. An option to ask live questions was also provided to participants.

A second feedback survey was opened on May 5, 2021 to solicit additional feedback regarding the modified PART recommendation, as well as any additional questions and comments regarding the review. The survey was closed on May 11, 2021.

**At the final PART working meeting held on May 13, 2021**, a brief recap of the public meeting took place, followed by a review of responses received from the second feedback survey. PART members were informed that questions from the public meeting would be added to a Frequently Asked Questions document, which would be posted on the review webpage. Additional information, meeting notes, and the presentation slide deck would also be posted on the review webpage.

In total 106 responses were received from the second feedback survey. On a scale of 1 to 4 (with 1 being 'strongly disagree' to 4 being 'strongly agree'), respondents were asked to rate how they felt about the modified PART recommendations, as well as to share any questions and/or comments they had. The average rating was 2.44 for the modified PART recommendations. Staff presented and provided feedback on the main themes/questions received, which included:

- That John Fisher Jr PS should remain a single-track French Immersion school (22 mentions);
- That the current recommendations are required to address accommodation pressures in the Yonge-Eglinton area/relieve overcrowding at Eglinton Jr PS (20 mentions);
- That longer-term solutions are required to address overcrowding at Yonge-Eglinton/stop development (7 mentions);
- That students being redirected to Whitney Jr PS and Rippleton PS should be able to go back to Eglinton Jr PS/John Fisher Jr PS (4 mentions);
- That Bannockburn should be used as the overflow site for Eglinton Jr PS students (4 mentions), and
- Whether the Vaughan Road building could be used to address overcrowding at Eglinton Jr PS (4 mentions).

Following this, a review of the PART process and voting procedure took place with PART members. PART members reviewed each of the 10

recommendations. Edits were made to provide more clarity. A question was raised with respect to Recommendation #7, specifically whether some flexibility could be included for current SK students at John Fisher Jr PS who would potentially be impacted by the proposed relocation to Bannockburn in September 2023. The PART agreed to edit the recommendation to allow for some consideration for those students to potentially remain at John Fisher Jr PS in September 2023 provided there is available space to accommodate them. Discussions would have to be had with the Superintendent of Education and Principal on an individual basis.

Following this, PART voting members (Principals of Eglinton Jr PS and John Fisher Jr PS, as well as one parent representative from each of the two schools) were asked to indicate whether they agreed with all the recommendations as a whole. **Consensus was reached on all recommendations.**

Representatives from the French as a Second Language Community Advisory Committee (FSLCAC) asked staff whether a dissenting report could be submitted. As FSLCAC members are not voting members of a PART (and only voting members can submit dissenting reports), staff advised that they could submit an 'FSLCAC feedback report' as an appendix to this PART report. This report, along with feedback received from the two surveys, is contained in Appendix D.

Slide decks from all working committee meetings and public meetings were posted on the TDSB review webpage, along with additional school data, and Frequently Asked Questions. An information webpage containing six modules providing additional information about the review (and other studies that have taken place in the midtown area since 2009) was also made available to the public.

## ANALYSIS OF PROPOSED CHANGES

### **Boundary change between Eglinton Jr PS and John Fisher Jr PS**

If approved, the boundary change between Eglinton Jr PS and John Fisher Jr PS—in conjunction with continued development redirections— would decrease and stabilize enrolment at Eglinton Jr PS. Enrolment is projected to decrease to 75% in this scenario by 2028, and remain stable at this level into the foreseeable future. In this scenario, John Fisher Jr PS would become a dual track, English and French Immersion school, with enrolment projected to stabilize at around 80% by 2027. At that time, the balance of French Immersion students to English students is projected to be approximately 60% to 40%.

It is important to note, however, that this scenario assumes the continued redirection of residential development applications away from the proposed Eglinton Jr PS and John Fisher Jr PS junior attendance areas for the time being. Separate reviews will be undertaken to continue redirecting residential developments to another site as the developments near completion.

### **Re-opening Bannockburn as a French Immersion Centre**

The re-opening of Bannockburn PS as a French Immersion site would allow John Fisher Jr PS to provide much-needed accommodation relief to Eglinton Jr PS by creating space for an English program.

The lease of Bannockburn to a private school is set to end in July 2022. Based on discussions with Facilities staff, a year is required to retrofit the Bannockburn building and site to ensure compliance with TDSB standards. As such, the building cannot re-open until September 2023. The Bannockburn will building re-open in September 2023 with a JK to Grade 3 French Immersion cohort, growing a grade a year until the program reaches Grade 6 in September 2026. The PART agreed that a larger grade range at Bannockburn would provide the critical mass required to best deliver programming—and potentially childcare—at the site. At the same time, existing John Fisher Jr PS students in Grades 4 through 6 would be allowed to remain at John Fisher Jr PS through to graduation.

Once the French Immersion program is fully phased-in, Bannockburn PS is expected to be completely full, at 95% utilization in 2030. The combined number of Early French Immersion spaces at John Fisher Jr PS and Bannockburn PS in this scenario is approximately 70 more JK to Grade 6 students than what John Fisher Jr PS currently offers on its own. These additional spots at Bannockburn PS could potentially be used to absorb French Immersion students residing in the Ledbury Park E & MS and John Ross Robertson Jr PS attendance areas (or

growth from the existing catchment area), pending an annual review of French Immersion applications.

### **Grandparenting provisions**

To minimize transitions for students as these recommendations are implemented, the grandparenting of younger siblings was an important consideration for the PART.

### **Ending the John Fisher Jr PS Special Central Placement Process**

Aligned with the implementation of the Eglinton Jr PS and John Fisher Jr PS boundary change, the John Fisher Jr PS Special Central Placement Process could be ended in September 2022. Sufficient space would be then made available at Eglinton Jr PS and John Fisher Jr PS to accommodate students wishing to withdraw from the John Fisher Jr PS French Immersion program. The building at 18-30 Erskine is now complete and there are fewer students wishing to withdraw from John Fisher Jr PS.

### **Reversal of Residential Development Redirections**

As mentioned earlier, new residential developments in the current Eglinton Jr PS attendance area will still need to be assigned to other schools. As the boundary change and re-opening of Bannockburn are implemented and phased-in, space will be created at John Fisher Jr PS and Eglinton Jr PS over time. This will allow staff to engage in a review in 2024/25 to determine a course of action with respect to reversing the redirections at an appropriate time.

While the PART recommendations are a necessary step in creating much-needed school space to accommodate local students from existing households in the Yonge-Eglinton area, it is still only an interim measure. The PART recognizes that further accommodation solutions are still required to accommodate students emanating from new developments in the Yonge-Eglinton area.

It is expected that, if the Board approves the recommendations that come from the PART, changes would be implemented in September 2022 and September 2023.

## **SUMMARY OF FINDINGS**

There was a consensus to proceed with the PART recommendations as presented. Parents recognize the space realities and the necessity of this change to address the overcrowding at Eglinton Jr PS.

There was concern expressed about the viability of the French Immersion

program at John Fisher Jr PS within a dual-track environment. With 70 French Immersion sites in the TDSB (6 of which are single-track centres), staff assured the PART (and community members) that the changes to John Fisher Jr PS from a French Immersion centre to a dual-track school will be minimal. French language culture and traditions would be maintained, and students in JK to grade 3 would continue to have French instruction 100% of the time. As with the other dual-track schools in the TDSB, the administration at John Fisher Jr PS would provide many opportunities to integrate English and French Immersion students.

The grandparenting of siblings and the potential option for current SK students at John Fisher Jr PS to remain at the school pending space availability in September 2023 were factored into the PART's recommendations to minimize disruption for students. A communication strategy will be required to ensure a smooth transition for affected families, especially those seeking to apply for early French Immersion programming in this area.

Throughout the course of the discussions, parents and community members at the PART working and public meeting provided feedback and raised several questions about the proposed changes. Two Frequently Asked Questions documents have been prepared to address questions and comments raised throughout the process and at the public meeting; these two documents are posted on the TDSB Review webpage.

It is noted that at the PART working meetings, conversation about the information and recommendations being presented were lengthy, robust, and full of thoughtful questions and responses that allowed multiple sides of the issue to be openly discussed. The PART membership is commended for its fulsome participation.

With careful planning and the commitment of school staff, administration, parents, the Superintendents, and Trustees, the PART believes that these recommendations will improve the current accommodation pressures in the Yonge-Eglinton area. With all the residential development still being planned for the midtown area, however, these recommendations serve merely as a short- to medium-term solution; a new elementary school is still required to accommodate the long-term student growth in this area.

### Program Area Review Team (PART) Option

- That John Fisher Jr PS becomes a dual-track school, beginning with JK in the English program (and growing a grade a year), effective September 2022;
- That the portion of Eglinton Jr PS's existing junior attendance area north of Broadway Avenue (including the north side of Broadway Avenue) be assigned to John Fisher Jr PS, beginning in JK (and growing a grade a year), effective September 2022;
- That new students from Recommendation #2 with an older sibling attending Eglinton Jr PS (in the same year that the younger sibling enters the school) be allowed to attend Eglinton Jr PS until they graduate;
- That TDSB begin retrofitting the Bannockburn building in July 2022 to ensure that it is compliant with TDSB standards prior to re-opening for students;
- That the Bannockburn site be re-opened in September 2023, initially as a JK to Grade 3 French Immersion centre, and growing a grade a year up to (and including) grade 6 in September 2026;
- That SK to Grade 3 French Immersion students at John Fisher Jr PS residing within the Bedford Park PS/Blythwood Jr PS shared attendance area, Bedford Park PS attendance area, and John Wanless Jr PS attendance area be redirected to Bannockburn PS, effective September 2023;
- That SK to Grade 3 students with an older sibling in Grades 4 to 6 attending John Fisher Jr PS in September 2023 be allowed to remain at John Fisher Jr PS until they graduate. Consideration may be given to grade 3 students in September 2023 to remain at John Fisher Jr PS provided there is available space;
- That the intermediate pathway for Bannockburn PS's French Immersion program be the same as the current John Fisher Jr PS French Immersion pathway (subject to change as per TDSB's operational procedure PR597);
- That the John Fisher Jr PS Special Central Placement Process, approved by Board of Trustees in March 2017 to relocate students wishing to withdraw from the French Immersion program at John Fisher Jr PS in light of construction at 18-30 Erskine Avenue, be ended effective September 2022, and
- That the reversal of residential development redirections in Eglinton Jr PS's and John Fisher Jr PS's proposed attendance areas be considered in 2024/25, pending a review of accommodation pressures and space availability at the two schools.

\*Eglinton Jr PS and John Fisher Jr PS projections assume the continued redirection of all new residential developments to other sites. Students from all proposed residential developments are not included in these projections.

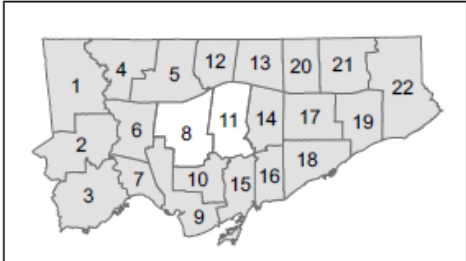

\*\*PART Recommendation total for 2025 and 2030 do not equal Status Quo total due to a slightly larger combined French Immersion program at Bannockburn PS and John Fisher Jr PS than what currently exists at John Fisher Jr PS alone.

### French as a Second Language Advisory Committee Perspective – Eglinton PART

The French as a Second Language Advisory Committee parent representatives for Ward 8, Lynne LeBlanc and Ward 11, Charles Zhu participated in the PART meetings and are providing this feedback on behalf of the FSLAC for inclusion in the PART report.

The FSLAC does not support the conversion of John Fisher from a longstanding and successful French Immersion single track school to a dual track English and French Immersion school. Furthermore, we question the urgency of some aspects of the PART during Covid and are concerned that those most affected by overcrowding in area schools, high rise dwelling parents, had no voice in this process. The following are reasons to amend and reconsider the PART decision:

1. We are in the middle of a pandemic. The vast majority of John Fisher parents who have tuned in and participated in the surveys do not support this proposal and were not championed in the PART process.
2. Due to the Pandemic, there are many more John Fisher families that haven't even had the chance of participating in the surveys that happened with tight deadlines.
3. The chosen solution to overcrowding at Eglinton Jr. PS is a complicated matrix that will not offer predictability and stability for families currently in or registering for French Immersion.
4. Students, whether in English or French Immersion, who are living in the high rises will not see any improvement in their commutes and dispersal to schools well beyond the Eglinton area.
5. What will be lost at John Fisher was not given sufficient weight in the decision. It is one of the first French Immersion single track schools in the country, it became a thriving centre of French excellence with significant staff, parent and student effort since the 1980s and it serves a broad cross-section of students with before and after school childcare in French.
6. No additional French Immersion spots will be delivered to the growing Eglinton community.
7. Making John Fisher a dual track in 2022 – coinciding with the double cohort (JK and SK) Early French Immersion entry year will reduce French Immersion capacity in an area that has traditionally seen stable growth in the program.
8. It is unclear if there will be sufficient critical mass to have the promised TDSB run before and after school childcare at Bannockburn.

In conclusion, we ask the Board of Trustees to consider these issues carefully and to:

- Move forward with the termination of the lease to a private Montessori school for 2022, allowing for a retrofit by the TDSB, who will then be able to open Bannockburn in September 2023
- Move forward with rescinding the exceptions granted due to the now completed construction next door to John Fisher

- Amend the entry point of an English JK at John Fisher to 2023 after the 2022 double cohort Early French Immersion year to allow space to be available to students from the 11 schools that have had the opportunity to re-direct to FI at John Fisher in the past

Furthermore, we ask that the

- PART be reconvened during 2022 (post-Covid) to ensure full awareness of parents in the affected areas:
  - o current John Fisher FI catchment parents,
  - o proposed Bannockburn FI catchment parents
  - o parents living in the Eglinton area attending Eglinton, Whitney (FI Winchester) and Rippleton (FI Dunlace)

and that it be tasked with reconsidering the introduction of English at John Fisher and finding a solution that is a win-win-win for all TDSB students in the area whether they live in a new high rise or not and attend French Immersion or English.

Addressing the overcrowding concerns is key. Providing stability and predictability for students and parents is pivotal - and on behalf of the FSLAC, we firmly believe that as a group we can do better than this.

## Review of Feedback Received

Where will [John Fisher Jr PS and Eglinton Jr PS] English track go to [middle school]?

Make Bannockburn a middle school, opening space at Glenview for John Fisher English track.

### Middle School Pathways

Slide 45 says JF dual track and Bannockburn opening will result in 78 more FI spots. How will this impact these [Glenview Sr PS and Lawrence Park CI]?

Perhaps [turn] JF into a French immersion and elementary and middle school

## Review of Feedback Received

The area needs an additional school, on top of Bannockburn.

Force the City of Toronto to build more schools in the area as they allow condo construction.

Bannockburn has to be opened regardless. ... It is a very expensive very large amount of land that is not being used correctly and needs to be taken back and put into the supply of schools.

Greater need for more public schools that are not just French, but for all kids.

**New school required at Yonge-Eglinton**

A new elementary school is needed at Canada Square. Eglinton Jr P.S is overcrowded already.

Ask the government to build more schools if they allow to build so many condos in the area.

New school should be built at Yonge and Eglinton, where five condo towers are being developed.

Build new schools!

Can developments like North Toronto CI be encouraged - condos built in conjunction with schools?

## Review of Feedback Received

A dual-track system creates a two-tier system within one school.

Adding an English stream means there's even less French language exposure in the school.

Making it a dual track simply defeats the intention of "French Immersion" and makes it harder to encourage students to speak French and participate in French related activities at the school.

Culture would be divided at a dual-track school.

### Dual-track recommendation for John Fisher Jr PS

Without an English track, children are more likely to speak French outside of the classroom.

[The] overall increase in student population at JF which would benefit from the influx of English programming - (first point being a full time VP).

The quality of learning French and being [fully] immersed will diminish if dual learning is introduced.

[Single track French Immersion schools] are few and far between in Toronto. It's a gem and a huge benefit for families who truly want an immersive language experience for their children.

## Review of Feedback Received

Blythwood is a huge physical/geographical catchment. [Bulk of Blythwood families who attend JF now live within walking distance to JF](#) and it doesn't make sense to bus these kids from Keewatin, Sherwood, Stibbard, Sheldrake, etc. to Bannockburn.

**Blythwood Jr PS attendance area should be included in John Fisher's proposed FI catchment**

[Distance from Bannockburn could mean that FI] [would lose some Blythwood families](#).....

[Split Blythwood by distance](#) – send families “far” from JF to Bannockburn by bus and allow families close to JF to continue walking to JF.

[Remove Blythwood altogether \[from Bannockburn FI catchment\]](#) and let them attend JF for FI programming.

## Review of Feedback Received

### John Fisher Central Placement Process

Policies described in the video says that [students who withdraw from FI at John Fisher Jr PS] would go back to their local English school, but as Eglinton Jr PS is over capacity, [where would our child attend English school?](#) Is Maurice Cody Jr PS still an option?

### Availability of classroom space at John Fisher Jr PS

Crowded school

There is no room in the school. The [classes are already full and occupied](#). Kids are put in the basement for classes.

## Review of Feedback Received

**John Fisher Jr PS's proposed FI program would not be sustainable if recommendations are approved**

For such a small catchment area, I don't understand how there could be a substantial French program there in the long-term. ... **why would you keep just this small catchment area** with a separate French Immersion Program?

If enrolment in French Immersion drops significantly once English stream is phased in, **is there a point at which they will not continue French Immersion at John Fisher?**

**Grade 4 Middle Immersion program being relocated from Eglinton Jr PS to Bedford Park PS**

Please provide information regarding **how these students can get to Bedford school each day** from this neighbourhood. Or, a much better option would be to make this option available at John Fisher instead of sending students so very far away. **Please make grade 4 entry French immersion available at John Fisher.**

## Review of Feedback Received

Why is the TDSB's planning so many years behind demographic and population changes everyone [knew] was coming.

Why were John Fisher and Eglinton PS the only schools involved in this version of the PART when this is clearly a community wide problem of over development....

Have enrolment projections factored in lower enrolments (stemming from COVID)?

### Planning, enrolments, and other schools

Why is Blythwood PS not part of these proposals? is the school at capacity?

You should be looking at what happens when Davisville reopens [as] to determine what students it can absorb. You could also make Bannockburn the English overflow school. There is capacity at Bedford park. Eglinton at the beginning of this school year was under capacity.

It seems to me more logical to redistribute Allenby's French Immersion program between Bannockburn and John Fisher.

## Review of Feedback Received

Why is Bannockburn PS only starting with JK to Grade 3? ...  
Grades 4-6 should be able to shift too if they want in 2023.

Why are you not considering moving the Extended French program over to John Fisher while not making the school "dual track"?

### Other Comments

Survey questions were unclear.

Too many modules to watch.

This sounds like a well thought out and necessary plan to accommodate growth in the area. ... I solidly believe that public education should be accessible to children where they live and that seems to be the goal with this PAR - changes for the greater good.

**Student Accommodation Plan by School and Year**

**Overview:**

- John Fisher Jr PS becomes a dual-track school, beginning with JK in the English program (and growing a grade a year), effective September 1, 2022.
- The portion of Eglinton Jr PS’s existing junior attendance area north of Broadway Avenue (including the north side of Broadway Avenue) is assigned to John Fisher Jr PS, beginning in JK (and growing a grade a year), effective September 1, 2022.
- The Bannockburn building is re-opened effective September 1, 2023, initially as a JK to Grade 3 French Immersion centre, and growing a grade a year up to (and including) Grade 6 in September 2026;
- SK to Grade 3 French Immersion students at John Fisher Jr PS residing within the Bedford Park PS/Blythwood Jr PS shared attendance area, Bedford Park PS attendance area, and John Wanless Jr PS attendance area are redirected to Bannockburn, effective September 1, 2023.
- The John Fisher Jr PS Special Central Placement Process, approved by the Board of Trustees in March 2017 to relocate students wishing to withdraw from the French Immersion program at John Fisher Jr PS is ended effective September 1, 2022.

**Details for each school:**

**Eglinton Jr PS**

2022-23:

- All JK English track students who reside in the portion of Eglinton Jr PS’ current junior attendance area north of Broadway Avenue will be assigned to John Fisher Jr PS.
- All new SK to Grade 5 students residing in the proposed boundary change area (north of Broadway Avenue) will continue to be admitted into Eglinton Jr PS.
- Any new students residing in the proposed boundary change area (north of Broadway Avenue) with an older sibling attending Eglinton Jr PS will be allowed to remain at Eglinton Jr PS until graduation.

2023-24:
