"Portas Ad Futura Aperimus - We open the doors to the future"

Kipling Collegiate Institute offers an excellent academic program integrated with modern technology, active community service and a wide range of clubs and activities. We are a dynamic, vibrant, multicultural community school where respect, dignity and understanding for each individual and the community as a whole are a priority. As a result of a proactive approach to conflict resolution and student engagement, Kipling has one of the lowest suspension rates in the TDSB. This has earned us the status of International Peaceful School. At Kipling C.I. we actively welcome parental involvement in a caring partnership in the education of our students. The school is an educational leader in the use of information technology.

We also provide

Strong relationships with a number of community agencies; Media programs, including television studio production and animation; Student-created television broadcast every morning; Internet access in every classroom; A strong co-curricular program of sports and club activities with emphasis on developing good citizenship skills; Caring teachers and a culture of extra help and support for all students.

Student Life - Where You Belong

Kipling Collegiate Institute is a diverse community of learners. Our students are active and very involved in extra-curricular activities. We have a variety of school teams, clubs and organizations that students can join. Our students know they can make a difference and annually raise funds for many worthwhile organizations. A number community agencies work with our students and families monthly to share ideas and to develop action plans for our local community. Our YouCan Program provides student workshops to learn and practice the life long skills of conflict resolution, negotiation and mediation. At KCI, we grow whole people each day.

What Sets Us Apart

We are a strong community school with extensive parental and community involvement. We work with each child on an individual basis. As a school community, each day we live our goals of Respect, Responsibility and Role Model. KCI is a diverse community of learners. Each student brings his/her own distinct contribution to our school. It is our goal to have students be successful in a school where success is defined for each student on an individual basis.

Staff and students at KCI have a strong culture of caring and concern for each other. We believe all students should be provided the same opportunities in academics, social and leadership training within our school. Our staff members are constantly available to offer extra help to students and are engaged in extra curricular activities throughout the year to assist students.

Parent and Community Engagement

KCI has many community partnerships including Public Health, Parks and Recreation, Settlement Worker, YouCan, Community Volunteer Tutors, Toronto Foundation for Student Success, George Hull Centre, Metro Police, Rexdale Community Health Centre, Pathways to Education.

TDSB - Better Schools. Brighter Futures

Imagine a TDSB where all schools share a common core set of characteristics. They are community-driven and focused on teaching and learning. Students and parents have a wide variety of opportunities and there are enough students in every school to increase program choices.

Imagine there is a clear focus on achieving student success and every student is engaged, has a voice, access to a caring adult and the opportunity to develop their full potential.

Here at the TDSB our focus is on student achievement, parent and community engagement and financial stability.
