

CUMMER VALLEY SUMMER SCHOOL 2018 (TDSB)

70 Maxome Avenue, ON, M2M 3K1

DEEPMALA VERMA, SUMMER PRINCIPAL, CUMMER VALLEY MS (416-395-2910)

Things you should know about our summer school program

ROBOTICS THROUGH EXPLORATION & HANDS ON EXPERIENCES Grades 5, 6, 7 & 8

Interested in exploring Science facts...? Interested in using math & literacy skills to research and get engaged in hands on experiences...?

Then this program is for you! Students will build robots using Science kits or Recyclable Materials. They will solve problems and engage in programming tasks with various Science based Projects. This is a very hands-on program, requiring critical thinking, communication skills and the ability to work with others in a team setting.

Students will also be conducting research on important and related theme to Science.

- ✓ Open to students in grades 5, 6, 7 & 8
- ✓ Recommended for students who are interested in exploring Science through hands on experience
- ✓ Ready for Project based Learning

LITERACY & NUMERACY THROUGH STEM (SCIENCE, TECHNOLOGY, ENGINEERING & MATH) For Grades 5, 6, 7 & 8

Use art and media to build your reading and writing skills. Gain confidence in oral communication and critical thinking by analyzing media and works of art.

- ✓ Open to students in grades 5, 6, 7, 8
- ✓ Recommended for students working at Level 3 or below in any strand of Literacy (not restricted) & Numeracy

ESL For New Canadians/Immigrants

If you are new to Canada and currently receiving ESL support, then come and join us this summer to receive extra support...!

This program will help you in improving your Reading, Writing & Oral skills. This interactive & project based program will provide opportunities for you to understand & learn about the Canadian Life & society.

- ✓ Open to students in grades 5, 6, 7, 8
- ✓ Recommended for students working in Stage 1 or 2 in ESL program
- ✓ Students experiencing challenges acquiring English Language skills.

DRAMA, ART & DIGITAL ART Grades 5, 6, 7 & 8

Interested in being creative and exploring your artistic skills through Drama, Art & Digital Art....? This is an exciting opportunity for you to learn and to express your thoughts through expressions, illustrations and through technology. Join us....!

Our Summer Programs are based on the following:

1. We are offering **ROBOTICS** for Grades 5, 6, 7 & 8 through innovative approach (lots of hands on inquiry based approach, classroom discussions & presentations, leadership roles for taking upon projects, guest speakers, field trips etc. for supporting the individual learning needs.)
2. **Literacy & Numeracy** through Science **STEM** for Grade 5, 6, 7 & 8 based on Scientific methods & innovative approach.
3. **ESL** for New Immigrant Students and for existing ESL students requiring further support in grades 5, 6, 7 & 8. The program offers opportunities for enhancing Oral Communication, Reading and Writing skills in a friendly environment.
4. **ART, DRAMA & DIGITAL ART** for grade 5, 6, 7, & 8. Expressing and being creative through Digital Art, Drama & Visual Art.
