PROGRAM & SCHOOL SERVICES COMMITTEE DEPUTATION APRIL

Motion: PIAC recommends that school councils be consulted on the current Fundraising Guide and that consultations are done for any future updates to the Fundraising Guide and any related Guidelines, as per O. Reg. 612/00, s. 19 (1.1.iv).

Update: Consultation will be done in the fall on both the fundraising policy and the fundraising guidelines. Staff are currently working on developing the revised policy and process for consultation. PIAC stressed that any changes to the policy or guidelines i.e. changes that are proposed before the revised fundraising policy consultations occur, still need to go through a consultation process before being implemented. Further, that any guidelines that are not included in the fundraising policy review consultation still need to go through a consultation process as per Reg. 612. The committee passed a motion supporting our recommendation that will go to board at their May 23 meeting.

Motion: (A) PIAC requests the TDSB increase access to key parent resources by adding a permanent “Parent(s)” tab to the landing page and headers of the TDSB website (tdsb.on.ca).

(B) As a body legislated to advise the board on matters of parent engagement and communication, PIAC requests Board consultation with PIAC in the creation of a “Parent(s)” tab and the navigation links selected for the dropdown menu

Update: Staff indicated that Ross Parry (TDSB Communications) will work with PIAC to update the website. PIAC Communications working group will connect with Mr. Parry and report back on the progress of the parent tab.

Motion: (A) PIAC requests that school councils be granted access to school facilities during non-school and after school hours for school related activities and meetings, provided that all activities adhere to the mandate of council as outlined in Regulation 612 and appropriate insurance for events outside of the Boards scope has been purchased and custodians are regularly schedule or can be rescheduled to work.

(B) PIAC also requests that the TDSB amend the policy and waive the permit fees for school council related meetings/activities.

Update: Staff working on the revised Community Use of Schools Policy will incorporate feedback received from PIAC.
