

## TORONTO DISTRICT SCHOOL BOARD

### ANNUAL REPORT: ENROLMENT IN FRENCH PROGRAMS IN 2016-17 AND 2017-2018 AND SUCCESSSES AND CHALLENGES OF FRENCH PROGRAMS IN 2017-18

TO Program and School Services Committee

8 June 2017

**RECOMMENDATION** IT IS RECOMMENDED that the report be received.

**STRATEGIC DIRECTION** Make every school an effective school.

**CONTEXT** The Early French Immersion program has been in Toronto schools since the early 1970's. It began in a handful of schools and has grown over the years. At amalgamation, there were 41 Early French Immersion entry sites in the TDSB. In 2009, PR597 came into effect which allows for the accommodation of all families who apply by a deadline in an Early French Immersion or Junior Extended French program and outlined a process for program growth. Since 2009, 30 new sites have opened to accommodate growing demand in the program. Similarly, the Junior Extended French program began in 2004 in 7 schools and has since grown to 35 sites. Today, there is a French Immersion and Extended French program to serve every address in the Toronto District School Board and transportation is provided for students who meet the distance criteria.

Each year staff is expected to provide an annual enrolment report in French programs. This year, the purpose of this report is to provide information about enrolment in French programs, as well as identify successes and challenges of French programs in 2017-18.

Aligned with the Vision for Learning and the Integrated Equity Framework, equity of access to French programs is a key priority. Through the Access & Secondary Program Review process, staff will undertake a review of French programs in the TDSB in order to ensure that we are meeting the needs of students and families across the district. In doing so, we will consult with students, staff, parents and community, including the French as Second Language Advisory Committee.

**SUMMARY** ENROLMENT: The total number of JK students in 2016 was 17,470 of which 3,785 applied to SK French Immersion and 3,207 (18%) accepted placement for September 2017. There are 71 SK FI sites, including four new sites for September 2017, all of which will be Full Day Kindergarten (FDK). The total number of Grade 3 students in 2016 was 14,614 of which 1,567 applied to Grade 4 Junior Extended French and 1,232 (8%) accepted placement for September 2017. There are 35 Junior Extended French sites as of September 2017.

All on-time applicants (Early Immersion, Grade 4 Extended and Grade 7 Extended) were offered a placement in a program. There are no system wait lists. Guiding principles for redirection include: redirecting students as a group based on English home school and redirecting to closest French Immersion or Extended French site with capacity. When a fraction appears in the "Redirection" column, the denominator indicates the number of students who were redirected to a school other than the French program school currently associated to their designated English school as per PR597 – French Immersion/Extended French. The numerator indicates the number of accepted placements through redirection.

While the tables in appendices for each of the five programs show numbers at the entry point, the last table in this report shows the total enrolment in these programs from SK to Grade 12. There consistently has been an increase in participation in French programs since amalgamation.

Please note that, in the attached charts, *Accepted* refers to the number of students whose parents have accepted a registration in the program. *Extended French and French Immersion* are French-as-a-Second-Language (FSL) programs in which French is not only taught as a subject, but also serves as the language of instruction in other subjects.

In a *French Immersion program*, French must be the language of instruction for a minimum of 50 per cent of the total instructional time at every grade level of the program. In an *Extended French program*, French must be the language of instruction for a minimum of 25 per cent of the total instruction time at every grade level.

SUCSESSES AND CHALLENGES: With over 90,000 students in Core French and another 28,000 students in French Immersion/Extended French programs come system successes and challenges. We are proud of the Board's successes in retention rate, inclusion of students with special education needs as well as accessibility and transportation. At the same time, challenges include multiple entry points, equity of access, and transportation. Appendix B lists some of those successes and challenges with potential considerations

As part of the Integrated Equity Framework and the information provided in this report combined with the concerns from many stakeholders about transportation, entry points, location of programs, staffing and equity of access, the Teaching and Learning staff will be conducting a review of French programs in the fall 2017. The last French review took place in 2009. The review will provide for consultation with parents, Trustees, staff, students and advisory committees. It will report to Board in the Spring 2018.

The report will be shared with the French as a Second Language Advisory Committee (FSLAC).

**TRANSPORTATION, SYSTEM TOTALS, FSL ENTRY POINTS & MODELS,  
FSL SYSTEMS SUCCESSES, FSL SYSTEM CHALLENGES**

**French as a Second Language – System Successes**

SUCSESSES	EVIDENCE/DATA
Cognitive Impact – Second Language Learning	<ul style="list-style-type: none"> <li>➤ Learning another language is beneficial to language and development and facilitates learning other languages; strategies learning are transferrable to other subject areas</li> <li>➤ Programs have been effective in promoting student achievement in both elementary and secondary levels as indicated by EQAO assessments and achievement grades</li> </ul> <p><b>Consideration:</b> continue to collect data to support programs</p>
Retention Rate higher	<ul style="list-style-type: none"> <li>➤ Lower attrition rate</li> <li>➤ Working to increase student retention in Core French beyond Grade 9               <ul style="list-style-type: none"> <li>• Increase number of schools offering FSF 10</li> <li>• Offer opportunity for Grade 12 students to challenge the DELF (Diplôme d'études de langue française) which is an internationally recognized certification that defines and signals 2<sup>nd</sup> language proficiency based on the Common European Framework of Reference for Languages</li> </ul> </li> </ul> <p><b>Consideration:</b> investigate reasons for students opting out of programs; increase capacity of qualified assessors to broaden offering of DELF</p>
Inclusion – Supporting Student with Special Education Needs and English Language Learners	<ul style="list-style-type: none"> <li>➤ Board supports students with Professional Learning around intervention strategies through Universal Design for Learning, the tiered approach and the effective implementation of IEPs</li> <li>➤ Implementation of system role of Ministry documents – “Including Students with Special Education Needs in FSL Programs” and “Welcoming English Language Learners in FSL Programs”               <ul style="list-style-type: none"> <li>• Representation of students in Extended French with both parents born outside of Canada is similar to the TDSB in general</li> <li>• Representation of students with special education needs in FSL programs is improving</li> </ul> </li> </ul> <p><b>Consideration:</b> continue to provide professional learning to French teachers to sustain the inclusion of students in FSL programs with excellent classroom practice</p>
Accessibility	<ul style="list-style-type: none"> <li>➤ Opening of new sites has increased opportunities and, in many cases, improved distances for families</li> <li>➤ Multi-pronged communication plan strives to ensure parents across the system are aware of the opportunities for French study in the TDSB</li> </ul> <p><b>Consideration:</b> commitment to accessibility is strong; ensure that expansion of new sites meets the Integrated Equity Framework</p>
Transportation	<ul style="list-style-type: none"> <li>➤ Currently offered to all SK to Gr. 5 students who meet the system criteria</li> </ul> <p><b>Consideration:</b> this does support equity of access, continue to monitor challenges around capacity for service, quality of service, TTC at Grade 6</p>

**TRANSPORTATION, SYSTEM TOTALS, FSL ENTRY POINTS & MODELS,  
FSL SYSTEMS SUCCESSES, FSL SYSTEM CHALLENGES**

**Current French as a Second Language System Challenges:**

CHALLENGES	CURRENT SITUATION
Multiple Entry Points	<ul style="list-style-type: none"> <li>➤ Inequity of access to certain French Programs</li> <li>➤ Strain on human and material resources</li> <li>➤ Strain on facility/school space to house multiple programs</li> <li>➤ Higher attrition rates in some French programs</li> </ul> <p><b>Consideration:</b> reviewing which programs best meet the needs of the students</p>
Child Care	<ul style="list-style-type: none"> <li>➤ Child care can only be verified as viable at FI location after acceptance and registration; parents would like reassurance for child care prior; current policy does not consider child care as factor for placement offer</li> </ul> <p><b>Consideration:</b> follow up on the review to access of child care</p>
Equity of Access	<ul style="list-style-type: none"> <li>➤ Currently does not meet the Integrated Equity Framework</li> <li>➤ Inequity of access to certain French Programs (i.e., only 2 Middle Immersion Programs, 1 Intensive Extended Program, 14 Gr. 7 Extended French)</li> </ul> <p><b>Consideration:</b> review to meet the Integrated Equity Framework</p>
Program Viability	<ul style="list-style-type: none"> <li>➤ Some sites are very undersubscribed and some sites are very oversubscribed</li> <li>➤ Gr. 7 program faltering; high attrition rate; equity of access</li> </ul> <p><b>Consideration:</b> review viability of programs</p>
Clustering of Schools	<ul style="list-style-type: none"> <li>➤ Some areas have become over-served at the expense of others</li> <li>➤ (Ward 15, 16, 13, 7, 9 vs. Ward 1, 4, 21, 22) as expansion is in response to oversubscription in certain areas</li> </ul> <p><b>Consideration:</b> ensure equitable expansion in currently less well served areas to improve equity of access and to meet the Integrated Equity Framework</p>
Policy – PR597	<ul style="list-style-type: none"> <li>➤ waitlist for FI - SK remains active until the last day of school in December of the SK year; waitlist for Junior Extended French only active until the end of September of Gr. 4. It is seen as very equitable and accommodating, allows us to expand</li> </ul> <p><b>Consideration:</b> alignment of the two deadlines; provide clearer/stronger language around moving from FI to Extended French; harmonize FI policy with Optional Attendance policy or be very explicit where they diverge and which one overrides; review language pertaining to childcare to be clear of expectations; review space constraints in schools</p> <ul style="list-style-type: none"> <li>➤ Some areas have become over-served at the expense of others</li> </ul> <p><b>Consideration:</b> review location of expansion to provide greater equity of access</p>
Transportation	<ul style="list-style-type: none"> <li>➤ Distance can be challenging for some</li> <li>➤ Challenge of travelling by TTC by Gr. 6</li> <li>➤ Quality of service; lack of supervision</li> </ul> <p><b>Consideration:</b> recognize the positive impact of transportation on accessibility questions while considering what is possible. Look at possibility of transportation for Grade 6 (TTC tickets at Grade 7) or a differentiated approach based on availability of routes in different neighbourhoods</p>
Staffing Implications	<ul style="list-style-type: none"> <li>➤ High turnaround of qualified French Teachers</li> <li>➤ Enrolment pressures place strain on human resources</li> </ul> <p><b>Consideration:</b> work in collaboration with Employee Services to expand recruitment strategy; consider focusing human resources on system programs; consider impact of undersubscribed sites on staffing issues</p>
