

Frequently Asked Questions (FAQs)

APPLICATION PROCESS

1) When can I book spaces for summer?

Applications for the summer season (indoors, July & August) will be accepted during the month of February.

2) How long before my event should I request a permit?

You need to request your permit a minimum of 3 weeks before you require confirmation of the requested space. The deadline dates that you can submit permit applications for bulk processing are June 1 for school year indoor permits; March 1 for summer indoor permits; January 31 for outdoor field permits. As new permit requests are on a first come first served basis the earlier you submit an application the better chance you have of securing your first choice. Returning permit groups may have priority for renewal.

3) Why does the TDSB need to know how many participants?

Our on-site staff need to be aware of how many people will be entering our schools. This information is also required for Ministry of Education reports so that the school board continues to receive Community Use of Schools funding. It is also important in the event of an emergency requiring site evacuation.

4) Can I remove or exclude known conflicting dates before submitting my bookings?

Yes, if you can identify conflicts as well as having dates that you want to exclude, you can remove them before making your submission.

5) Do all schools cost the same?

The same fee schedule applies to all the schools within the TDSB and can be viewed at:
<http://www.tdsb.on.ca/community/permits/availability,categories,andfees.aspx>

6) What is recognized as a Not-For-Profit group?
