6. PROCEDURES

6.1. Permitting the Use of School Facilities

In accordance with the TDSB’s Community Use of Board Facilities Policy (P011), the Board is committed to providing all of its communities with reasonable access to schools when facilities are not being used for regular school activities.

In order to ensure that communities have fair and equitable access, groups seeking the use of school facilities must first obtain a permit. Permits will be issued depending upon the availability of space and caretaking staff and/or other Board approved personnel. Fees will be charged according to the established Community Permit categories (see Community Use of Board Facilities Policy [P011]). Fees will be adjusted annually in accordance with the Consumer Price Index.

The community use of Board facilities must conform to the following requirements:

- Facilities are maintained as safe and secure learning environments.
 - Permit holders use Board facilities in a responsible and respectful manner.
 - An adequate number of custodial staff are to be on duty per defined numbers of attendees at a permitted function.
 - All applicable regulations of the municipal, provincial and federal laws and Board policies and procedures are adhered to.
- a) Permit time after 6 p.m. weekdays, during the weekends, school breaks and summer time is scheduled by the TDSB permit unit (TDSB-PU) in compliance with the Community Use of Board Facilities Policy (P011) and fee structure approved by the Board of Trustees.
 - b) Permitting Board facilities outside of the regular school day will be determined by the TDSB-PU, which has the right of refusal, if appropriate and in accordance with Board policies and procedures. In the event of any unusual circumstances or requirements associated with the permit (e.g., classroom allocations, special events), the school administration will be consulted.
 - c) Schools have priority for the use of space during the school year, during the evenings and weekends for school student related activities. In the event of a conflict with another existing permit the school administration will attempt to arrange an accommodation with the permit holder and will provide written notification to the TDSB-PU.
 - d) School administrators must not unreasonably deny access to the community for after school-hours use of their schools, or for other Board programs such as Continuing Education.
 - (i) Block booking of school spaces to restrict community use is not permitted. School administrator requests for permits must clearly identify the purpose of the school activity and the person in charge of the permit. The person in charge of the permit must either be the principal, vice-principal or TDSB staff with teaching authority. If the school activity is not specified, the permit request will be rejected.
 - (ii) School administrators should not book permits on behalf of community organizations or tenants.
 - e) All requests for permits must be submitted within the stipulated timelines. This applies to TDSB use as well as community use.
 - f) Administrative sites, closed buildings and leased sites are not available for permitting to community groups.
 - g) Schools that require weekend permits for special events, such as a school anniversary, are encouraged to submit their on-line requests providing a

minimum of three months in advance. For school activities taking place on weekends, e.g., school anniversary/tournament, a total of 16 hours of custodial service per site per school year shall be provided at no cost to the school. Student related permits held by the school principal can draw on the caretaking services provided under a community permit in the school at no cost to the school if the school event is held at the same time as the community event.

- h) Community organizations that have held indoor school year and outdoor sports permits for one or more years at a particular facility may be given first priority for the permit provided that the administrative procedures (sections 6.3 to 6.10) are followed. Subject to availability of the requested spaces, permits may be approved without the need for consultation with school administrators, facility/grounds team leaders or head caretakers.
- i) Summer permits do not have renewal privileges and are often affected by maintenance and staffing schedules, which vary year to year. These permit requests will be processed by the TDSB-PU in consultation with the Plant Operations and Community Use and Design, Construction and Maintenance Departments.
- j) New requests for school year activities will be scheduled by the TDSB-PU and processed in consultation with the school administration and head caretaker.
- k) New requests for sports field activities during the outdoor season will be scheduled by the TDSB-PU.
- l) Applications for one-time special events with a large attendance (200 people or more) will be processed by the TDSB-PU in consultation with the facility or caretaking team leader and head caretaker (section 6.7).
- m) For health and safety reasons, shop spaces (i.e., auto and wood) are not available to community groups.
- n) Permits for School Council meetings will be processed as per the Community Use of Board Facilities Policy (P011). All School Council meetings should be confirmed by the principal. School Councils can secure permits for other activities and these permits will be processed as community use and can be issued during community use of school hours.
- o) When a representative of another level of government (City Councillor, MPP, MP) requests a permit, the TDSB-PU will notify the school principal and local trustee.
- p) Permits for trustees will be processed as per Appendix A: Permits Issued to TDSB Trustees.

- q) Permits for Toronto City Councillors will be processed as per Appendix B: Permits Issued to Toronto City Councillors.
- r) The school administration will notify the Government, Public & Community Relations Department and the TDSB-PU when they are aware of media coverage at community events.

6.2. Accessing and Using School Facilities

caretaking staff, and will require prior approval by the Executive Officer Facilities and Planning or designate.

- (j) Unless authorized by the Executive Officer, Facilities and Planning or designate, permits will not be granted for the use of school facilities on statutory holidays and designated Board holidays.
- (k) The outdoor season commences mid-May and ends mid-October. Groups/Organizations requiring school sports fields for organized sport activities must first obtain a permit. Availability of school sports fields is based on school use and maintenance schedules.

6.4. Processing Permit Applications

Permit applications are processed on a first-come, first-served basis, from the date of receipt by TDSB-PU. When permit applications fall within the same classification, the Board will base its decision on past experience, the changing needs of the school community and the principal's recommendation. Every reasonable effort will be made to accommodate all groups within the Board's ability to do so.

In the event that several community applications are received at the same time, priority will be given to applicants in the following descending order of classification and to City of Toronto residents:

1. Approved community programs for children/youth (age 0 to 18 years) with at least 75% of membership residing within a school community
2. Approved community programs for seniors (age 65 years +) with at least 75% of membership residing within a school community

- any other relevant factors.

- (b) The TDSB-PU will make arrangements for media technicians and/or sound and lighting crew for events requiring these services at a cost.

6.8. School Permit Requests

Annually, principals are requested to submit permit requests to reserve specific dates for meetings/special events during non-instructional hours for the following school year by June 1. The reserved dates are automatically excluded from community permits. This ensures that school requests receive priority and reduces the number of cancellations and reprocessing of permits.

Note: For issuance of special permits to parent groups during a labour disruption, please see Appendix B.

6.9. Cancellation of Permits by School Principals/Administrator

Due to unforeseen circumstances, school administrators/principals may require the use of school facilities during times that have been allocated to permit holders. In such cases, the following guidelines are to be observed:

- a) Permit holders must be given sufficient notice of cancellation in order to inform participants in their programs. School permit requests should be submitted at least three (3) weeks before the event. It is the responsibility of the principal or designate to communicate cancellations to all permit holders or attempt to arrange an accommodation with the permit holder and provide written notification to the TDSB-PU.
- b) Upon receipt of the school's confirmation of the above, the school's permit request will be processed; the community permit will be amended and refunded where applicable.

Note: If the above procedure is not followed, it may not be possible to grant the school's permit request.

6.10. Timelines for Permit Applications and Processing¹

(c) Outdoor Season

A list of school fields unavailable for permit activity due to maintenance projects will be posted on the TDSB permits website.

Where a group/organization is denied the opportunity to renew their permit privileges for outdoor sports fields during the outdoor season, the principal is to provide written notification to the TDSB-PU, by e-mail, prior to January 31.

Permits for the use of school sports fields and diamonds will be granted, if available (based on school use and maintenance schedules) under the following conditions and subject to the terms of section 6.4.

- Renewal requests received in the TDSB-PU by January 31 will receive first priority for their outdoor season sports activities. All other requests will be processed on a first-come, first-served basis.

- Approval from Director of Education or designate is required and can be sought by completing the Alcohol Permission Form (Internal) (Form 666D) attached as Appendix D (also available on the Board's Policies, Procedures and Forms web page);
- School principal or Board designate is the person in authority and on site during the time of the event;
- No minors are present;
- A licensed bartender is on site;
- Special Occasion Permit (SOP) has been obtained from the AGCO and accompanies the Board's permit application;
- Adequate supervision and security staffing is available to the satisfaction of the Director, or designate; and
- Director or designate may impose other conditions as deemed appropriate.

6.12. Child Care Tenants

Child care operators, including "before and after school programs", must be licensed by the Province's Ministry - responsible for children and youth with an executed lease from TDSB's Leasing Department.

- a) Permits are not required during Board designated holidays such as: March breaks, summer holidays (July/August) for the use of leased space during regular child care operating hours. For summer, any space(s) listed under a 10 month agreement require(s) a permit.
- b) Permits are required and permit fees do not apply for:
 - The use of exclusive leased space after 6 p.m. (i.e. child care staff meetings once per month, year-end activities once per year); and
 - The use of the school staff room for monthly Board of Directors' meetings.

- c) Permits are required and permit fees do apply for the use of school space that is not included in the lease (e.g. gym, lunchroom, extra classrooms).

6.13. EarlyON Centres

The following steps have been developed to provide guidance for EarlyON Centres, their satellite programs and school administrators in planning partnership programs for schools. Please note that it is important that permits for all early years programs are provided to enable tracking for program support and caretaking allocation.

- a) Any partner or principal requesting a partnership program should consult with the Early Years Manager, to determine whether a lease or permit is required and if permit fees apply. For all programs initiated by EarlyOn Centres and their satellite programs, the guidelines below will be followed:
- (i) Daytime and evening programs (during school hours up to 6 p.m. and after 6 p.m. when school is operating, and a regular caretaker is on duty):
 - Up to 6 p.m.: Permit applications will be completed by the agency providing the program, the permit unit will consult with the principal to determine if it should be processed as partnership **(no permit fees apply)**.
 - (ii) For all programs operating outside the regular school day (after 6 p.m. when a regular caretaker is not on duty as well as PA days, weekends and school holidays):
 - Permit applications will be completed by the agency providing the program and submitted to the permit unit for approval and final processing **(permit fees will apply)**.
- b) New permit applications will be reviewed based on the following criteria:
- Does the proposal reflect the TDSB Early Learning and Care Policy (P022) and Early Years Partnership Guiding Principles?
 - Does the proposal add to the breadth and depth of programs within a community rather than duplicating services that already exist?
 - Does the proposal meet an identified need in an under-serviced area and, where applicable, has the possibility of locating a TDSB Parenting and Family Literacy Centre in the area been explored?
 - Is the school able to provide the space required and will the space be shared or designated specifically for the program?
 - What are the hours of the program and will it run during or outside the school day?

- What are the safety and liability issues, and how have they been addressed? (Note: A copy of the agency’s liability insurance certificate, naming the Toronto District School Board as “additional insured”, must accompany the application for permit with a minimum coverage - amount as per Board decision)
- c) Prior to submitting the permit application to the TDSB-PU, roles and responsibilities regarding partners will be defined and the agency sponsoring the program must ensure program staff’s Police Reference Checks have been carried out and copies have been provided to the EarlyON Manager.

6.14. Elections

Provincially funded institutions are to make premises available for the purpose of polling stations during the time of municipal and provincial elections free of charge. However, Elections Canada (federal elections) pays for the use of school spaces based on the number of polling stations. The cost per polling station is determined by Elections Canada. Caretaking service charges to open, maintain and secure the building will apply when a regular caretaker is not on duty. Payment is made directly to the TDSB-PU based on the Memorandum of Understanding between Elections Canada and the Toronto District School Board or as agreed.

For all elections, if the requested number of tables and chairs are not available at the school, it is the responsibility of the Returning Officer or designate to order the furniture required, make the necessary arrangements for delivery and pickup and ensure that payment is made directly to the vendor.

An application for permit is required for each polling site and is to be received no less than fourteen days prior to the polling day. Permits will be issued in consultation with the principal and head caretaker.

- The requested facility will be assigned and the permit cannot be relocated.
- It is preferable that polling stations be wheelchair accessible.
- All permits must include access to washrooms.
- If required, schools can ask for elections to provide security during the voting hours.

6.15. Liability Insurance

A permit to use TDSB facilities will not be granted until there is liability insurance naming the TDSB as “additional insured”. A copy of the Insurance Certificate is to be attached to the online permit application as soon as it is available and prior to the start of the permit.

Groups that do not carry liability insurance may consider purchasing insurance through the insurance agent recommended by the TDSB Risk Management Department.

6.16. Parking

a) Permit Holders

Vehicle parking for permit holders may be available on a space available basis, but cannot be guaranteed. In some circumstances, parking charges may apply. Fire routes and pedestrian walkways must be kept clear at all times. Vehicles may only be parked in approved parking lots. It is not permissible to park vehicles in school play yards.

b) Special Arrangements for Parking of School Buses on School Property Overnight

Due to a special arrangement between the TDSB and its approved transportation contractors, permission has been granted to park school buses overnight on school parking areas designated by the principal/head caretaker at no charge.

- An application for a permit must be submitted for each bus that requires a parking space.
- The driver/contractor must include on the application the TDSB route #, the name(s) of the TDSB school(s) that are serviced by the bus, the license plate number, the bus size, the driver name and contact information number.

c) Parking related to Film Productions

Under a special agreement with the City of Toronto, where parking spaces are available in TDSB facilities, permits may be issued to film production crews. Parking charges will apply.

6.17. School Days Before 6 p.m.

Programs operating during school time up to 6 p.m. are at the discretion of the school principal and superintendent of education. Activities run by TDSB school staff up to 6:00 p.m. on school days do not require permits.

The school principal and superintendent of education should not introduce new programs between 4 p.m. and 6 p.m. that would displace Continuing Education and/or other Board programs (i.e., IL-E classes, Adult ESL) from their school.

Community groups that are approved by the school administration to operate programs before 6:00 p.m. should apply for permits. These programs must fulfill the requirements of the Child Care and Early Years Act, 2014. Ample time must be allowed for consultation with the Ministry of Education in this respect. Provided that these requirements are met, a permit will be processed by the TDSB-PU.

If the proposed program will be offered to participants who are not students of the school, the superintendent of education should be consulted, and this cannot be a local school partnered program.

Permit Fees

(a) Permit fees may be waived for local not-for-profit organizations provided:

- the school administrator confirms that the not-for-profit community group is invited to provide the program to benefit the students of the school;
- there is no cost or minimal cost for students to participate; and
- the school administrator has designated school teaching staff to oversee the operation of the program.

(b) Otherwise, permit fees in the appropriate rate category will be charged.

(c) (i) The volunteers/employees of the permit holder are considered to be “service providers” and, in accordance with Reg. 521/01, must provide proof of Police Reference Checks to the principal.

(ii) Misconduct by students must be reported to the site principal and violent student behaviours must be reported immediately to Toronto Police Services.

(iii) Permit holders are to meet with the school principal to sign off on the fire safety plan for the site confirming that they know all exit locations, alarm boxes, extinguishers, etc.

ACTIVITIES DURING LABOUR DISRUPTION**

The application criteria for the issuance of a special permit to a parent group to run existing activities (normally under the guidance of school staff) during labour disruption are as follows:

- Extra-curricular events that are organized by parent groups are subject to consultation with the Board's Risk Manager on a case-by-case basis. Proof of appropriate liability insurance may be required.
- The school administrator hosting the extra-curricular activity at his/her school must sign off on the special permit application, to confirm that this event/activity would have been conducted by school staff, if there was no labour action.
- If available, a previous permit number for the same activity within the last two school years should be referenced by the school administrator that is signing off the activity.
- Parents should complete and pass a police reference check in accordance with O. Reg. 521/01 Collection of Personal Information outlined in the Volunteer and Police Checks document.

Important Note: In cases when a special permit fee waiver is granted, the waiver does not include access and use of school equipment, school banners, school colours, logo and uniforms.
