

MAKING MATH MAKE SENSE:

Practical strategies for Black parents & caregivers

Are you looking for ways to support your child's math learning at home?

Join us for an engaging virtual session designed specifically for Black parents and caregivers of Black students in Grades K-8. This session will help demystify math by breaking down key concepts from the Ontario Mathematics Curriculum and providing practical strategies to support Black students in a culturally relevant way.

What You'll Learn

- **Simplifying Math:** Easy-to-understand strategies for teaching math at home.
- **Curriculum Breakdown:** Understanding key concepts from Grades K-8.
- **Culturally Relevant Approaches:** Using Afrocentric and other real-world examples to enhance learning.
- **Practical Skills & Tips:** Engaging activities and resources for Black students.
- **Educator-Led Support:** Advice from experienced teachers on building math confidence.

Who Should Attend?

Black parents, caregivers of Black students, and community members who want to better support Black children's success in mathematics

Date: April 29, 2026
Time: 6:30 – 8:30 p.m.
