

RETURNING TO SCHOOL

Daily Checklist for High School

This year, we have new health and safety measures in place to help keep students and staff safe from the spread of COVID-19. Everyone plays a critical role in supporting health and safety in our school communities.

Every day, please:

Screen your child for symptoms of COVID-19 and keep them home if they:

- Feel sick or have symptoms of COVID-19
- Have been in close contact with someone who is sick or has confirmed COVID-19 in the past 14 days
- Have returned from travel outside of Canada in the past 14 days

Confirm your self-assessment by completing it through the [Health Screening App](#) or signing and bringing the [TDSB Health Pass](#)

Have multiple snug and comfortable **masks**, so you can wash them daily and have back-ups ready. Pack a few masks each day and a bag for soiled masks to go in during the school day.

Practice proper **hand washing**, especially before and after eating, sneezing, coughing, and adjusting a mask or cloth face covering.

Pack a **full water bottle** and **litterless lunch** and snacks daily. Cafeterias will not be open.

Follow your school's **local protocols**, including using the designated entry doors, following the flow of traffic, maintaining **physical distancing** and capacity limits in washrooms and elevators.

Be patient and flexible as we adjust to these new measures to help keep everyone safe.
