Welcome

to ESL at the Toronto District School Board

Gaining proficiency in English is very important for many newcomers and residents in Toronto. The TDSB offers a variety of general language training classes and also a host of specialized classes. We serve learners at all levels from those with little or no formal education to those with post-secondary degrees. Classes are offered at all levels using the Canadian language benchmarks from literacy levels to CLB 8. Please see the course descriptions on page 4.

WHY CHOOSE TDSB?

- Free classes
- Flexible class schedules
- All levels and specialty classes
- Professional instructors
- Continuous enrollment
- Many locations accessible by public transit
- Locations across the city
- Regular assessments

Eligibility

WHAT IS YOUR STATUS IN CANADA?

We welcome Canadian residents 18 years and over into our classes. If you are a Canadian resident classes are free to eligible* learners.

The following are some categories for eligible* Canadian residents:

- Refugee claimants
- Canadian citizens born outside of Canada
- Permanent residents
- Convention refugees / protected persons
- Persons who have a letter of initial approval of permanent residence from Immigration, Refugees and Citizenship Canada

DOCUMENTS AND IDENTIFICATION

You will be required to bring the appropriate documents* when you go to the YMCA for an assessment and registration. These include PR (Permanent Resident) card and Citizenship card. In addition, you need to bring photo identification such as a passport, driver's license, health card etc.

*For more information about eligibility or acceptable documents please visit the YMCA Assessment and Referral Centre site: ymcagta.org/language or call 416 925-5462.

The Toronto District School Board (TDSB) is the largest and one of the most diverse schoolboards in Canada. We have a long history of supporting adults to improve and upgrade their English language skills needed to settle and integrate into society and to participate in the labour markets. The TDSB is also the largest provider of ESL classes in North America.

“

I am from Honduras so my native language is Spanish, but since I was a kid I've been always fascinated to speak English. I started to learn English two months ago. After several weeks of training I started realizing that I stopped confusing certain words. Moreover, I figured out the way in which I would learn new words faster and more efficiently.

- Arnold

Registration

Registration by email or phone **starts August 28, 2023**.
Please visit our website or contact one of our ESL
Administration sites for more details.

Returning Learners

A returning learner is someone who has attended our classes in the past 2 years. Please contact one of our administration centre to register for a class. You will need your identification, your student reference number and a referral form or recent report from your last class.

New Learners

Step 1: Find out your level. Call the YMCA Assessment and Referral Centre at 416 925-5462 or email them at language.test@ymcagta.org to book an assessment. Contact one of our ESL Administration Centres (416 338 4300) if you need assistance to make an appointment.

Step 2: Need more information? Please visit our website at www.esltoronto.ca for more information. Some information is also translated in a variety of languages.

Step 3: Get assessed and register. Once you have been assessed at the YMCA you can register in our ESL program by asking your assessor to register you in our classes. The assessor will give you a referral form to bring with you on the first day of classes along with photo ID to show to your instructor.

Course Descriptions

What are the Canadian Language Benchmarks?

The Canadian Language Benchmarks (CLB) are the Canadian standard that measures and describes the level of English language proficiency in adult learners. The four main skills that are assessed using the benchmarks are listening, speaking, reading, and writing. Real-life language tasks are also used to measure these skills. CLB information helps us plan curriculum and evaluate our classes, to best meet our learners' needs.

Learners participate in keeping track of their learning progress in partnership with their teacher and keep a portfolio (Language Companion) of their classroom work.

Literacy Foundation, Phase 1, 2, 3

Literacy classes are for learners who have had little or no experience using English. Starting from the basics, you will learn English that you can use every day; for example, how to read signs and labels, fill in simple forms and talk to the doctor.

English for Everyday - CLB Levels 1-4

Get the English you need for everyday situations in stores, banks and in your neighbourhood. Learn how to understand brief conversations; for example, learn how to greet people, ask for help, or get directions. Learn how to read and write simple messages. Learn actively in a friendly, supportive environment.

English for Everyday - CLB Levels 5-8

Gain confidence as you learn new strategies to improve your listening, speaking, reading and writing skills. Learn how to give presentations, express opinions, agree and disagree and participate in social conversations. Read more complex texts such as feature articles and detailed schedules. Write email messages, letters of complaint and resumes.

Specialized ESL Classes

Finesse your English language skills to prepare for the job market or post-secondary education. TDSB provides a host of specialized language courses designed to help you reach your personal, academic and career goals.

TOEFL, IELTS and Academic Test Preparation Classes

Develop the specific language skills you need to perform well on high stakes language tests that are required for university admission and to re-qualify for your profession. Participate in practical activities to enhance your communicative

“

I am from Lebanon and I started ESL classes in October 2022. I chose TDSB because I read a lot about what this program can offer for me. I made new friends from different cultures, in fact, the supportive and encouraging environment of the classroom made me feel safe and confident in expressing myself. The teacher helped me improve my English and taught me many different concepts.

- *Nataly*

fluency, develop your vocabulary and improve your reading and writing skills. Learn how the tests are designed and familiarize yourself with the scoring system.

Intensive/Academic ESL Classes

Intensive/Academic classes are faster-paced and more challenging than the regular classes. Themes may be more abstract. To get the most out of this class you may need to practice outside of the classroom.

Academic Writing

Communicate your opinions in writing based on relevant research and using appropriate functional grammar. Learn how to write a coherent and well-developed essay using a thesis and support for your conclusions. Each class includes grammar and vocabulary. A must for learners who want to succeed at college or university, as well as for professionals who wish to improve their writing skills.

Workplace and Business Courses

Learn how to format emails, inter-office memos and business letters. Write cover letters to accompany a resume. Compose an effective letter of complaint, take minutes of meetings and write incident reports. Write clear texts on concrete topics for the appropriate audience.

ESL and Workplace Computer Classes

Learn how to use computer software to help you improve and practice your English. You will focus on Microsoft Office applications such as MS Word, Excel and Power Point at the intermediate and advanced levels. Learners should have some previous experience using computers.

Conversation Classes

Learn how to speak with more confidence. Feel more comfortable speaking in groups and with your classmates and others. Practice dialogues to build listening and speaking skills that will help you manage your conversations. Learn how to use appropriate language for each situation.

Pronunciation Classes

Improve your pronunciation and develop the confidence to speak up. Tune in to the music of the English language by listening to its distinct sounds. Improve by practicing vowel and consonant sounds, stress and intonation, and learning to link words and phrases together.

ESL Classes with Specific Support

For learners who are experiencing emotional and/or mental health issues, please contact **Hong Fook Mental Health Association** at 416 493-4242 for an appointment.

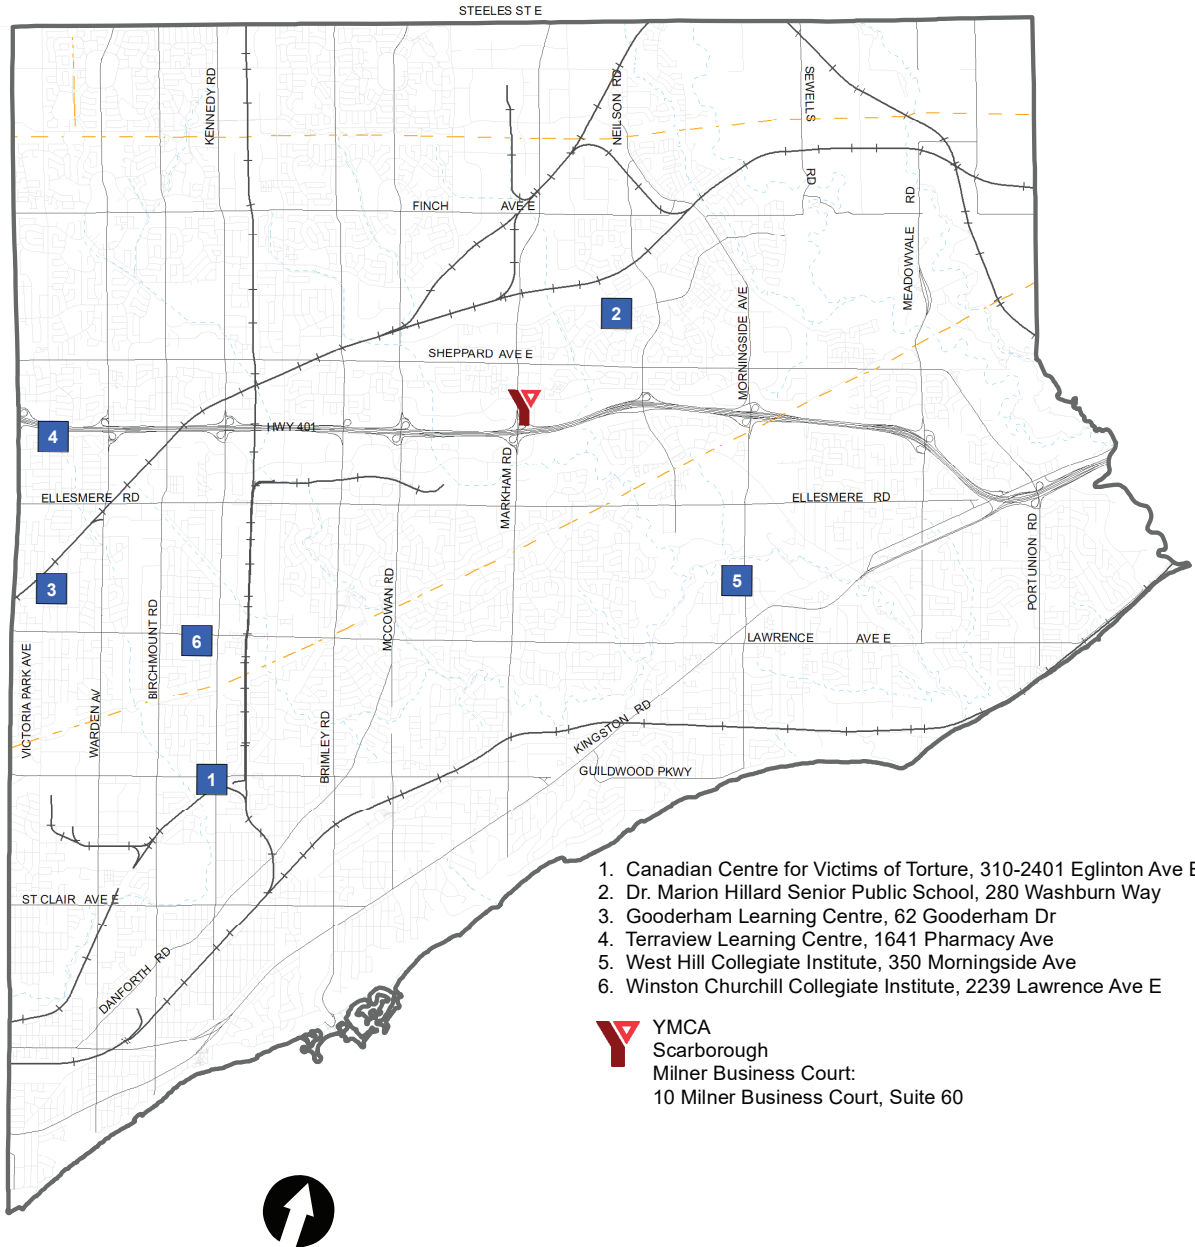

For survivors of torture, who are unable to attend regular ESL classes, please contact the **Canadian Centre for Victims of Torture** at 416 363-1066 between 9am and 5pm.

“

ESL classes have helped me in my everyday life, as my English improved and allowed me to interact with the cultural diversity that exists in Canada, in addition to broadening my horizons in academic terms.

“

I have been studying since January 9, 2023. I chose TDSB because it was one of the many supports that this country has given me. My goals are to learn English until I am able to go to high school and college. My main objective is to be able to communicate accurately with others. ESL has helped me with a prepared teacher who teaches us based on daily needs. She teaches information and vocabulary to help me to face my daily life. I am very grateful to my teacher and institution.

“

I started ESL classes in March 2023. I chose TDSB because it is well known and my brother and cousins recommended it to me. My goals are to speak and write perfectly in English this year. ESL classes have helped me to know the verbs, to count, compose sentences without counting on others and I think improve my language skills. It has helped me to understand sentences and learn many words.

	CLB 3-4	Mon to Fri	1:00pm - 3:00pm

Maria

“

I started ESL classes in January 2023. It was recommended to me by a friend who studied here. My goals are to learn to speak English and thus be able to communicate without problem. I also want to be able to help my children with their homework and have a good job in Canada. ESL classes have helped me because shortly after I began studying I was able to understand more of what I hear on the street/public.

Batradz

“

I chose TDSB because as a new immigrant it was important to me that classes were free and highly recommended by fellow newcomers, and I heard a lot of good reviews. My ultimate goal is to improve my English to a level where I will be able to use it as a stepping stone for further education in Canada. Interacting with other ESL speakers in a friendly non judgemental environment has allowed me practice my speaking skills with more confidence. When I came from Ossetia I was not able to navigate daily life because of my limited English. Now I am able to do activities on my own.

Adult High School

Earn your high school diploma

Our adult schools offer a variety of credit courses for learners who want to:

- Prepare for college or university
- Gain job-related training
- Complete their Ontario Secondary School Diploma
- Learn English
- Specialize in programs like Personal Support Worker, Culinary, Child Care Assistant, Medical Office Administrator, Hairstyling etc.

Meet your academic goals at one of five TDSB Adult High Schools
