

Meet the Scientist Program

The Centre of Excellence for Black Student Achievement in partnership with the Sunnybrook Research Institute invites **Black students in Grades 7-12** at Toronto District School Board to participate in the ***Meet the Scientist Program***. The goal of the program is to provide Black students with a unique opportunity to learn more about the different pathways in the field of medical technology and research. In addition, students will also learn about brain imaging technology and how Artificial Intelligence (AI) could lead to a better understanding of the brain.
