## Vaccination Webinar for Elementary & Secondary School Staff: A Focus on Children 5-11

**Dr. Vinita Dubey,**  
Associate Medical Officer of Health

COVID-19 vaccinations are soon expected to be approved for children in Canada between the ages of 5 and 11 years old. In preparation for this roll out, Toronto Public Health invites public and private school teachers and staff to attend a webinar about COVID-19 vaccines for this age group. The session will help build capacity to promote COVID-19 immunization and enhance vaccine confidence among parents and guardians.

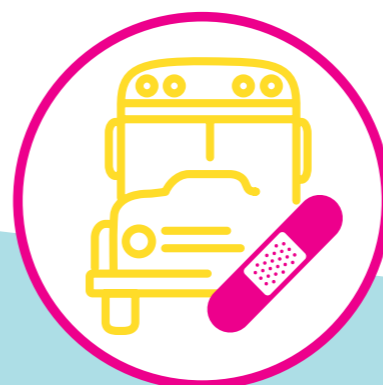

Presented by Dr. Vinita Dubey (TPH Associate Medical Officer of Health), this webinar will cover:

Information on COVID-19 vaccines & children

Facts about vaccines & fertility

COVID-19 vaccination & schools

Tips & approaches to address vaccine hesitancy

The webinar will also include a question and answer period.
