

# Education Quality and Accountability Office (EQAO) 2018-2019 Results

## Literacy

Compared to the province in 2018-19, the TDSB has a higher proportion of students performing at or above the provincial standard in assessments of reading and writing in Grades 3 and 6 and in the Grade 10 Ontario Secondary School Literacy Test (OSSLT). Over the past five years, the TDSB has consistently had higher proportions of students performing at the highest level of EQAO in all Grades 3, 6 and 10 literacy assessments compared to the province.

## Mathematics

Compared to the province in 2018-19, the TDSB has a higher proportion of students performing at or above the provincial standard in mathematics assessments in Grades 3 and 6.

Grade	Subject	%	Notes
Grade 3	Reading	76	2% above provincial results
Grade 3	Writing	73	4% above provincial results
Grade 6	Reading	81	Same as provincial results
Grade 6	Writing	83	1% above provincial results
Grade 10	OSSLT	82	2% above provincial results
Grade 3	Math	61	3% above provincial results
Grade 6	Math	53	5% above provincial results
Grade 9	Math Academic	77	7% below provincial results
Grade 9	Math Applied	22	22% below provincial average

The proportion of TDSB students performing at or above the provincial standard for Grade 9 Mathematics is lower than the province in both Applied and Academic. Improvement in mathematics is a priority for the Toronto District School Board and across the province.
