

## **Annual Enrolment in Immersion/Extended French Programs 2019-2020 & Core French Program 2018-19**

**To:** Program and School Services Committee

**Date:** 4 June, 2019

**Report No.:** 06-19-3680

### **Strategic Directions**

- Transform Student Learning
- Provide Equity of Access to Learning Opportunities for All Students

### **Recommendation**

It is recommended that the report regarding Annual Enrolment in Immersion/Extended French Programs 2019-20 and Core French Program 2018-19 be received.

### **Context**

Aligned with the Vision for Learning and the Multi-Year Strategic Plan, equity of access to French programs is a key priority. Through the Access & Secondary Program Review and the FSL Review, Spring 2018, staff has undertaken a review of French programs in the TDSB in order to ensure that we are meeting the needs of students and families across the district. In doing so, consultation has occurred with students, staff, parents and community, including the French as Second Language Advisory Committee.

The Early French Immersion program has been in Toronto schools since the early 1970's. It began in a handful of schools and has grown over the years. At amalgamation, there were 41 Early French Immersion entry sites in the TDSB. In 2009, PR597 came into effect which allows for the accommodation of all families who apply by a deadline in an Early French Immersion or Junior Extended French program and outlined a process for program growth. Since 2009, 30 new sites have opened to accommodate growing demand in the program. Similarly, the Junior Extended French program began in 2004 in 7 schools and has since grown to 38 sites. Today, there is a French Immersion and Extended French program to serve every address in the Toronto District School Board. Core French is mandatory in Ontario from Grades 4 to 8 for all students in English-language elementary schools. Policy and program requirements for

elementary school Core French programs dictate that students entering Grade 4 must receive French instruction in every year from Grade 4 to Grade 8, and must have accumulated a minimum of 600 hours of French instruction by the end of Grade 8. There is one mandatory Core French credit required in Gr. 9.

**ENROLMENT:** The total number of JK students in 2018 was 16,840 of which 3,528 applied to SK French Immersion and 3,085 accepted placement for September 2019. The number of students whose placement was accepted for 2019 was 18% of those in JK in 2018. There are **71** SK French Immersion sites, all of which are Full Day Kindergarten (FDK).

The total number of Grade 3 students in 2018 was 15,035 of which 1,527 applied to Grade 4 Junior Extended French and 1,143 accepted placement for September 2019. The number of students whose placement was accepted for 2019 was 7% of those in Grade 3 in 2018. There are currently **38** Junior Extended French sites.

All on-time applicants (Early French Immersion and Grade 4 Junior Extended French) are offered a placement in a program. There are no system wait-lists. While every effort is made to place students in the school identified as their area Early French Immersion or Junior Extended school, this is not always possible. In cases where the number of applications in a given area is greater than the number of spaces in the school, redirection is the process by which applicants are accommodated. Guiding principles for redirection include: redirecting students as a group based on English home school and redirecting to closest Early French Immersion or Junior Extended French site with available capacity. When a fraction appears in the “Redirection” column, the denominator indicates the number of students who were redirected to a school other than the French program school currently associated to their designated English school as per PR597 – French Immersion/Extended French. The numerator indicates the number of accepted placements through redirection.

While the tables in appendices for each of the five programs show numbers at the entry point, the last table in this report shows the total enrolment in these programs from SK to Grade 12. Please note that, in the attached charts, *Accepted* refers to the number of students whose parents/guardians have accepted a registration in the program.

*Extended French and French Immersion* are French-as-a-Second-Language (FSL) programs in which French is not only taught as a subject, but also serves as the language of instruction in other subjects.

In a *French Immersion program*, French must be the language of instruction for a minimum of 50 per cent of the total instructional time at every grade level of the program. In an *Extended French program*, French must be the language of instruction for a minimum of 25 per cent of the total instruction time at every grade level.

## **Action Plan and Associated Timeline**

This current annual report will be shared at Program and School Services Committee on June 4, with the French as a Second Language Advisory Committee (FSLAC) on June 11, and Board on June 19, 2019.

As part of the Multi-Year Strategic Plan and the information provided in this report combined with the concerns from many stakeholders about transportation, entry points, location of programs, staffing and equity of access, the Leadership, Learning and School Improvement staff and School Operations and Service Excellence staff is presently compiling recommendations related to French programs. The last French review took place in 2006, and the existing operational procedure (PR597) has been in place since 2009. The recommendations will report to Board in June 2019.
