PIAC Working Group REPORT

	<ul style="list-style-type: none"> ● There are equity concerns and power dynamics as volunteers who commit to the full working day are involved alongside paid TDSB staff. ● In the essence of equitable community engagement and best practices, community parents, guardians and caregivers should receive compensation for presence, time and work offered for the day <p>It was brought forward for consideration how PIAC can continue to engage parents who participated on panel, who were trained and/or showed interest?</p> <p>Discussed the need to follow up with all parents who expressed interest and better understand their experience following their expression of interest.</p> <p>It was decided it is best to follow up with all parents, noting the feedback collected will vary depending how far into the process each went.</p> <p>A single survey for all parents to capture experiences and feedback for: all parents who showed interest parents who were trained parents who served on a panel</p> <p>Consensus was reached by the working group to make the recommendation to PIAC to develop and distribute a questionnaire to capture the parent experience participating in the PVP hiring initiative</p> <p>Welcome to Susan Lee (W12) who joined us for her first PIAC working group meeting. Thanks to Sharon Grant (W4, Co-Lead) for providing on the spot orientation and mentorship in her role as membership mentor.</p>
Motion(s)	<p>We move that PIAC work with the PCEO to develop and send out a survey for all parents, guardians and caregivers who expressed interest in participating in the P/VP interview process to solicit their feedback on the experience.</p>
Question(s)	<ol style="list-style-type: none"> 1. What could have prevented a parent who filled out the expression of interest form from receiving a link for training? 2. Of the parents who were trained, was there selection criteria or a process for parents who are selected to be on panels?
Next Steps and Action items	<p>Following motion approval by PIAC, WG will work with PCEO on a survey and report back findings to PIAC.</p>
