The most important thing families can do to help slow the spread of COVID-19, is to screen their children daily for any COVID-19 symptoms and keep them home from school if they are sick or have had close contact with anyone diagnosed with COVID-19.

Review this COVID-19 checklist daily with your child. Sign* below each day to confirm that your child does not have any symptoms or have had other exposure to COVID-19. We all have a role in keeping our schools safe and healthy.
