

Travelling on the TTC

The TTC is a fast and economical way for students to travel to and from school. We have been preparing to welcome more customers this fall and have increased service to match demand. There is additional bus service in school areas at the start and end of the school day and the TTC continues to take steps to improve security and cleanliness.

Please share these tips with students to ensure they have as smooth an experience as possible when taking transit:

- Wearing facemasks while on the TTC is strongly recommended.
- Carry your backpack in front of you, on your lap or at your feet.
- Follow traffic signals, never run or jaywalk to catch a bus.
- Form a single line at the stop. Stay back from the curb.

Paying your fare

- PRESTO is the fastest and easiest way to pay your fare. To load your PRESTO card with a youth monthly pass or discounted youth fare, you must take it to a Shoppers Drug Mart store, or to the TTC Customer Service Centre above Davisville Station, to change the setting on your card.
- Children 12 years of age and under ride free. The [TTC Child Proof-of-Age Card](#) is available for children who are tall for their age. To obtain one of these Proof-of-Age Cards at your school, please see your school administration.
