WARD FORUM on EQAO

Join us for a discussion about EQAO tests and their impacts in the classroom -- what research with teachers tells us.

Arlo Kempf will discuss the impacts of EQAO testing on teaching and learning in Ontario classrooms, based on results of a recent large comparative study of teachers and standardized testing. The discussion will highlight the impacts of testing on class time, the common practice of teaching to the test, as well as common public misunderstandings of the significance of testing results. Bring your questions and ideas to share!

Arlo Kempf is the author of the recently-published *The Pedagogy of Standardized Testing: The Radical Impacts of Educational Standardization in the US and Canada* and is an Assistant Professor and Associate Director of the Master of Teaching Program, at the Ontario Institute for Studies in Education of the University of Toronto.

Wednesday November 29, 2017, 6:30 to 8:30pm

Dundas Junior Public School, 935 Dundas St E (Broadview and Dundas)

All are welcome to attend. Please join us!

Refreshments served. Childcare will be provided. To request translation services please email
