Road Safety Review:

Your trustee David Smith will be working hard with the Toronto Police Service in Scarborough to promote road safety as we begin this school year.

Motorists need to remain alert as they drive through our school zones. Drive slowly and pay attention to give students and pedestrians the right of way. Let's all work together to have an incident-free and safe school year.

Community Service Volunteer Hours

Your trustee David Smith invites students that need to obtain their community volunteer hours to reach out. Contact him at david.smith4@tdsb.on.ca to learn how your children can earn their hours doing community service. They need them to graduate. He can help them find the right opportunity to serve.

New David & Mary Thomson C.I.'s to open Fall 2019

David and Mary Thomson's new building was delayed due to the Ontario plumbers and sheet metal workers strike. I thank you for your patience.

As the excitement builds, the new David and Mary Thomson C.I. has been a thrilling project for the many who have pulled together to see it come to fruition. Thank you to Salvatore Beltrano, capital project manager, for managing the construction; ZAS Architects of Everstrong Construction for their design; Mario Manserra, project manager, for directing moving of both Bendale B.T.I and David and Mary Thomson C.I.; Shirley Chan, former LN13 superintendent and Lynn Strangeway, current LN13 superintendent Lynn Strangeway for their leadership getting the school to this point; and Bill Papaconstantinou, principal, and Nicholas English and Alison Kelsey, vice principals, for their execution; and the teachers and support staff for their dedication and patience.

A special thank you to the many parents/guardians, and students who provided essential guidance and feedback to bring this whole project together.

This new building will be home to the outstanding academic programs at David and Mary Thomson. They will provide a rich variety of choices to encourage students to become successful, productive citizens.

David and Mary Thomson's unique Cooperative Education Program, combined with the Dual Credit, Advanced Placement Program, Specialist High Skills Majors, and Technological Education Program sets it apart from other schools. Its extracurricular and leadership groups also develop student character.

Your trustee has worked directly with the builders and designers to ensure that the new learning space will meet your needs, so your children can focus and excel. We overcame challenge after challenge to build a great school. We look forward to the opening and welcoming the Bendale BTI and Thomson students as we celebrate a new beginning. We welcome everyone to David and Mary Thomson C.I., wishing them all great success in the years to come.

WARD 17 Graduates take their places

During the 2018-2019 school year, your trustee David Smith participated in many graduation ceremonies throughout the ward. Joined by superintendents Shirley Chan, Peter Chang, and Jacqueline Spence, your trustee was able to celebrate the achievements of our great students marking this important milestone. He ensured that graduates received warm acknowledgements and sage advice as they moved on in their academic lives. Whether from elementary, middle, or secondary schools, helping them move forward this is the highlight of David Smith's year.

Drastic \$67.3M budget cut mandated by Premier Ford

Provincial budget cuts to the 2019/2020 school year have brought shockwaves to Scarborough schools. Cuts to after-school programs, such as Beyond 3:30, were unavoidable due to these surprised austerity measures.

The lost programs have helped students succeed, made learning better, and improved schools. We are disappointed with the Ford government's cuts to student support, and had no choice to end these crucial programs.

The impact of these program and staffing cuts will be felt widely. We are committed to putting our people and students first. Doug Ford and the Conservative government should have been more forthcoming with their fiscal plans and the consequences. It has taken the TDSB and parents by surprise and will leave lasting harm to our schools. The premier has turned a blind eye to the needs of students and the voices of their parents/guardians.

This budget was forced on us, but I am committed to our students and parents with a determined voice, which is why I voted against it. As we cope with these forced cuts and their toll on students in Ward 17 and the system, I am angry. Angry not only as a trustee, but as a parent as well.

We need to come together and brace ourselves for some of

HAPPY BIRTHDAY CANADA

the toughest times yet. I am committed to advocating for you as best as I can. However, we need to unite to keep our schools from backsliding and deteriorating. Together parents, students and trustees can come together as the strong vibrant community that we are and fight these cuts and the government behind them.
