Dear parents and neighbours,

I am inviting you and everyone to come to my second Ward Council Meeting of the school year to discuss and address issues at your schools, to talk about parent involvement and ways to effect changes at the Board. Superintendents of Education and I will be sharing the latest Board information and other program updates. School council chairs and co-chairs please bring forward issues that affect your schools.

Guest speaker and TDSB teacher, Troy Shepherd, will speak on the importance of well-being and its inextricable connection to student achievement. We will be encouraged to habituate at least one well-being strategy, as models for our children.

Please note location change and for past Trustee Reports:
