Don't see the information you were looking for?

Let us know what information your council needs most by contacting us at info@torontopiac.com

What is the Parent Involvement Advisory Committee (PIAC)?

PIAC acts as a direct link for parents to the director of education and the board of trustees. PIAC participates at the board level to support, encourage, and enhance the engagement of parents in improving student achievement and well-being. PIAC does this by providing information and advice to the board on parent engagement, communicating with and supporting school councils, and undertaking activities to help parents support their children's learning at home and at school.
