OVERCROWDING in Willowdale Schools

PUBLIC MEETING
with Minister of Education
Mitzie Hunter

October 30th, 2017

Earl Haig Secondary School - Cafetorium
100 Princess Ave, North York

7:00 pm

Are You Concerned?

Overcrowded schools negatively impact students and staff every day in Willowdale and beyond.

Boundary changes, increased busing, and long-term use of portables are seen as viable solutions, but they fall short.

Local, walkable schools are essential to healthy communities. But overcrowded schools do not provide healthy, learning environments for our kids. Every parent should be concerned.

This meeting is YOUR CHANCE to speak directly to the Minister of Education about overcrowding in schools, the effect of residential development and to find out what the Ministry's plan is.

We are seeking solutions, not promises!

YOUR VOICE is essential. Don't miss this meeting!
