Dear Students/Parents/Guardians/Staff/Community Members of Eglinton Jr. Public School:

Re: School Facility Improvements

As you may know, the Toronto District School board approved a Five-Year Capital Building Program that included funding for facility upgrades for the schools that would require program and/or capacity changes as a result of the 2009/2010 Accommodation Review process. These improvements will implement the Accommodation Review Committee's (ARC) final recommendations that were accepted by your Local School Community Design Team. Let us again take this opportunity to publicly thank members of the Team who provided us with their best advice on your behalf, to ensure our preliminary design concepts supported your school needs.

This letter is to inform you that construction for Eglinton Jr. Public School – ARC 9 Phase 2 – Addition and Interior Renovations has been awarded to a contractor. This work consists of a kindergarten addition, renovation of existing space into kindergarten rooms, a new kindergarten exit stairwell, modification and relocation of daycare areas and exterior upgrades. The addition and renovations will be completed for the start of the 2012 school year.

We have Board and Ministry approval for Phase 2 and we are anticipating the last level of City approval shortly. We foresee construction start up by the end of this year or early next year. Please note access to the construction area will be hoarded and isolated from the school. We have worked with your school's Principal Wendy Keene to ensure work will be coordinated to minimize the impact of construction on school operations. All contractors are aware of the need to schedule any disruptive work including dust and noise after school hours as much as possible.

Residents will be able to contact the TDSB immediately if any concerns arise during construction. If you have any questions, please do not hesitate to contact Murray Witiuk, TDSB Project Supervisor at (416) 395-4771.

We look forward to building the improvements to Eglinton Jr. Public School that will enhance our students' learning experience and thank you in advance for your support and your patience during this period of change. Season's Greetings!

Sincerely,
