COMBATING ONLINE HATE FOR PARENTS, GUARDIANS & CAREGIVERS

The internet and social media are confusing and ever-changing spaces for parents, guardians, and caregivers to understand! This presentation will explore how young people use social media, the challenges they face, and how hateful content manifests online. We will explore resources which will help you support young people in becoming responsible digital citizens and managing difficult situations online. Bring your questions and concerns and connect with others to work towards supportive and empathetic strategies to guide your children through the online world.
