One additional recommendation of the Program Area Review Team that did not require Board approval but was supported by TDSB staff is as follows:

- That TDSB staff inspect the condition of the portables on the Runnymede Jr and Sr PS site and, in alignment with the long-term projections shared in this review, declare the portables surplus to the instructional needs of the school and prioritize them for removal to make much needed play surface area available to students.

We would like to thank all the parents/guardians and community members who dedicated their valuable time to participate in the consultation process.

Please do not hesitate to contact your Principal if you have any questions.
